ANOTHER STRIKE

Lightning Scatters a Group of Miners Camped Under a Tree.

MILITIA MAY BE CALLED OUT.

Strikers on the March Meeting With Much Practical Sympathy.

MORE MEN ARE LEAVING WORK.

Within a Week It Is Expected all Mines Will Be Closed.

By Associated Press to The Tribune

PITTSBURG Aug 5—Consternation was caused in the miners camp last evening by a terrific wind and electrical storm which passed over the Turtle Creek Valley doing great damage At Sandy Creek a tree in the yard of the Jeffe sor school house under which was a group of striking miners was struck by a bolt and shattered into match wood splinters

Henry Coffie and Geo Sedgwick were shocked into insensibility and their condition is critical Six others were also shocked The occurrence caused the wildest excitement among the striking miners The storm came upon them without warning and there was a wild scurry for shelter of which there was none except that afforded by their small tents and trees

When the storm came up many of the strikers took refuge in DeArmitt's stables where the deputies are quartered They were not discovered until the storm had passed and they were immediately ordered away

The strikers are jubilant over their success at DeArmitt's mines The total output yesterday was eighteen cars

Colonel A E McCandless surgeon in chief of the Pennsylvania National Guard and Colonel A J Logan quartermaster general were in Turtle Creek today It is said that they were looking for a suitable site for a camp in case the troops should be called out

Colonel McCandless returned to affirm orders that he was in the district in connection with the inquiries being made by the Governor At present there is absolutely no need of troops

President Dolan has announced that the next demonstration at Camp Determination will take place Saturday evening It will be a record breaker

All of the steel workers from Homestead and Braddock will be present Plans are being matured for the strikers to march to Braddock and there meet the visiting contingent with their bands and march back gathering up recruits all along the route In this way they expect to bring in an enormous crowd At least 4000 are expected from the two towns in the Monongahela

By the first of next week when the strike leaders say they expect to have all the New York and Cleveland Companys mines closed the strikers at Turtle Creek Plum Creek and Sandy Creek will move on to the Westmoreland field and locate camps at the different mines there All of the Westmoreland mines are running and it is to stop the putting of coal into the Pittsburg market from here that the move is contemplated

The management of the Westmoreland Coal Co states that the strikers will be treated as trespassers The Pennsylvania Gas Coal Co will pursue the same tactics

There is an agreement between DeArmitt and the Westmoreland Co and the former is West only the latter east

If the strikers are successful in causing a suspension at the Westmoreland mines the march to the Central Pennsylvania will be taken up The miners in this district are in sympathy with the movement and a convention of the Clearfield and Jefferson county miners was held yesterday The strike leaders were requested to send some delegates to Central Pennsylvania with a view to holding a general convention of all mines shipping coal to the eastern seaboard

EASTERN MINERS ARE BESET BY HUNGER.

In West Virginia the Strikers Are Meeting With Many Reverses

By Associated Press to The Tribune

WHEELING W Va Aug 5—At Fairmont the tie up promised by Organizer Rea has not materialized and aside from a few men at Clarksburg there are no additions to the strikers In Kanawha Valley all but one mine are working On the Norfolk and Western the strike has entirely disappeared

Miners day is being celebrated by laboring people generally in Wheeling and vicinity The Eastern miners are getting hungry and have soliciting committees out with wagons The people are contributing liberally and Secretary Lewis thinks they can hold out another month at least.

CLEVELAND MILLS ARE FAST RE-OPENING

They May be Forced to Close if They Cannot Secure Enough Coal

By Associated Press to The Tribune

CLEVELAND O, Aug 5—Cleveland Coal men are viewing the coal strike situation with much apprehension They are deeply interested in the mass meeting to be held in the Clearfield district in Pennsylvania which the strike has not yet reached Advices in Cleveland are to the effect that DeArmitt's mines are paralyzed and the feeling here is that there may be an absolute tie up Resumption of work by several of the Cleveland manufactories will increase the demand for coal in this city and much alarm is felt The Cleveland Rolling Mill and the Union Rolling Mill which have resumed are using 600 tons of coal per day

MINERS MEET TO DISCUSS UNIFORMITY.

Delegates Are in Attendance at the State Convention In Illinois

By Associated Press to The Tribune

SPRINGFIELD Ill Aug 5—About 100 miners were in attendance today at the first session of the State Convention The object of the meeting is to decide upon a uniformity wage scale for northern and hand labor Of the 100 attending about 100 were delegates the representation being one man to every 100 strikers President James M Carson of Olney presided After the meeting the president appointed a committee on credentials composed of nine men There will be a mass meeting this afternoon.

HEAVY DAMAGES BY STORMS IN COLORADO.

Main Streets Flooded and Two Men Drowned by Swollen Creeks

By Associated Press to The Tribune

COLORADO SPRINGS (Col) Aug 5 The rain storm in this city last night was the most severe with one exception during the past ten years During the height of the storm the water stood from six to ten inches deep on a half dozen of the principal business streets flooding cellars and running into stores damaging stock Travel was entirely suspended Three out of the five railroads leading into the city had serious washouts A severe storm accompanied the downpour and several were struck by lightning No fatalities occurred

DENVER (Col,) Aug 5—The heavy rains have caused many thousands of dollars damage in and about this city Several bridges across Cherry Creek have been washed away Patrick Murray a laborer was thrown into the creek by the caving of a bank on which he was standing to watch the flood and was drowned An unknown man who attempted to ford the creek on horseback was also swept away Trains are much delayed on account of the damage to roadbeds bridges and culverts

TURKEY IS NOW ANXIOUS FOR PEACE.

A Tightened Exchequer Makes the Sultan Withdraw Warships.

Found to Be Impossible to Raise a New Loan to Pay the Soldiers.

By Associated Press to The Tribune

CONSTANTINOPLE Aug 5—The Turkish government officials are now manifesting a desire to expedite the settlement of the peace negotiations owing to the straightened state of the exchequer rendering it impossible under the present circumstances to contract a new loan because of the unhealthy condition of the troops in Thessaly where many of the soldiers are dying and for political reasons the attitude of Bulgaria Servia and Montenegro being regarded as threatening

The Turkish Minister for Foreign Affairs Tewfik Pasha replying to inquiries made by the Ambassadors of the powers has expressed ignorance of the destination of the Turkish fleet which left the Dardanelles Tuesday It appears however that the warships are not going to Cretan waters which is probably a wise decision upon the part of the Turkish authorities as it has been stated that the admirals in command of the fleets of the powers have decided to oppose by force if necessary the entry of the Turkish squadron into Cretan waters where precautions have already been taken against such an eventuality by the despatch of foreign warships to the different ports of Crete

SOUND DOCTRINE

Gov. Atkinson of West Virginia Lays Down the Law to Strikers.

RESPECT THE PEOPLE'S RIGHTS

The Privilege of Assembly May Not Be Forcibly Set Aside.

FREE SPEECH GUARANTEED.

Any Attempt at Coercion Will Be Met by the Power of the State.

By Associated Press to The Tribune

WASHINGTON Aug 5—Governor Atkinson of West Virginia has written the following reply to the labor leaders who recently conferred with him regarding the miners' strike

'CHARLESTON, Aug 3—Messrs Gompers, Sovereign and Ratchford, Committee etc—Gentlemen Referring to your visit to me several days ago in which there was a friendly discussion between us of certain passages of the labor troubles in this State and especially of the strike of the coal miners, and to your several telegrams recently received and referring also especially to your desire that I should take steps to secure to you and the workingmen of the State the right and privilege of holding public meetings for the discussion of matters concerning the welfare of the strikers I beg to say to you that I have given the matter most earnest consideration

'In this controversy there are to be considered both the rights of property and the rights of citizens In our talk, you spoke of a certain injunction that had been issued by the Circuit Court of Marion County against you and others according to the terms of which as you understood them you were prevented from holding public meetings for the purposes of discussing the benefits of the organization of the Fairmont region I understood that this injunction has not been served upon you and that you have not been called upon to make any answer thereto

The Circuit Court of Marion County belongs to the Judicial Department of the State Government which is a separate and independent department from the Executive and it would be improper for me to express my opinion as to whether said injunction was properly or improperly issued, or whether it is too sweeping in its character or too comprehensive in its scope, especially as the matter has not yet been determined by the Supreme Court of this State to which you can take an appeal and in which you can I have no doubt, have a fair and proper hearing I have however requested the Attorney General to appear in the matter and assist in having an early adjudication by the Supreme Court of the State of this injunction proceeding I have done this because the injunction presents some what novel questions and I believe it is the first of its kind to be issued in this State and because it effects the rights of a large number of citizens of West Virginia

The bill of rights of the constitution of this State guarantees the people thereof the right to assemble in a peaceful manner to consult for the common good to instruct their representatives or to apply for redress of grievances and it also provides that no law abridging freedom of speech or of the press shall be passed

These are rights which have come down to us from the days of Magna Charta which rights as long as I am Governor, shall be preserved to the people of the State it in my power to do so It is the right and duty of the Legislature to enact laws, of the court to construe them and of the executive to enforce them No one of these departments should interfere with or usurp the functions or prerogatives of the others

I will say however that I now hold and have always held that the right of free speech and of public assembly should in no wise be abridged and that the widest possible liberty should be allowed all of our people I have always maintained that both the laborer and capital had the inherent right to organize for the better protection of both of their interests, provided such organizations are made and maintained with in the restrictions of the statutes of our State It is improper and unlawful to use threats force or intimidation of any sort to induce men to connect themselves with or become part of any organized body of capitalists or laborers It is also improper and unlawful for any body of men, organized or unorganized, to trespass upon the property or premises of a citizen, but it is my opinion that labor organizers or capital organizers, or any other organizers for that matter may present the cases in a proper manner, in public places, to the people and induce them by moral suasion, to connect themselves with any organization which is in itself not unlawful in its aims and purposes In other words, I claim the right for myself as a citizen of West Virginia to discuss politics, religion, science, labor organizations or any other subject I may choose to discuss in public hall or on public highways, provided always that I confine myself to the requirements of the law which inhibits me from trespassing upon the property and vested rights of other citizens I mean to say that the bill of rights of our constitution allows me the rights and privileges and that no court can impair these rights if I confine myself to moral suasion and do not incite the people to riotous conduct or other unlawful acts

'So long as the workingmen of this State conduct their cause in a lawful and peaceful manner, it will be my duty as it will be my pleasure to protect them but if they should in an ill-advised hour, evoke the law by interfering with the rights or property of others it will be my sworn duty to repress energetically and speedily all lawlessness is maintained at all hazards and that the property of our people is protected We must all whether rich or poor employer or employe high or low, respect and obey the law

Many Rides Planned Through the Rural Country Districts.

By Associated Press to The Tribune

PHILADELPHIA Aug 5—The bustle and excitement which has prevailed at the headquarters of the National League of American Wheelmen since Tuesday continued to-day despite the threatening clouds and occasional showers

bers with new arrivals came in by train Since the headquarters has been opened over 5000 new members have been enrolled

The scheduled all day run to historic Valley Forge was abandoned on account of the rain The other scheduled runs starting at 9 o clock up the Wissickahon Valley through Fairmount Park got away on time, with a large number of riders, considering the weather

Between the showers which grew lighter as the day advanced, short runs were taken in every direction through the city and suburb and refreshments and indoor amusements were provided in every bicycle club house

At 1 o clock there was every indication of clear weather for to-morrow Should the weather not be too violent the races will be run rain or shine

The Omaha and Indianapolis delegates are still engaged in a good natured rivalry for the 98 meet and are keeping open house at their respective headquarters in the Aberdeen and Hotel Walton

A FATAL WEDDING

Bride and Groom Are Burned to Death While Feasting.

COULD NOT POSSIBLY ESCAPE.

Principals and Guests Gathered at an All-Night Restaurant.

DOUBT REGARDING THE GIRL.

The Tragedy Was Caused by a Beer and a Bath-Tub on End.

By Associated Press to The Tribune

CINCINNATI Aug 5—Otto Albrecht's all night restaurant in the[?] house in which three men and one woman perished this morning

There were seventeen men and women in one room in the second story of this house

The occupants of the building refuse all information None of the dead were burned They were suffocated from the smoke in the adjacent rooms The only exit for escape was blocked by a bath tub set up on end at the head of the stairway The smoke came from an adjacent room in which the fire was soon extinguished

It seems that it was a wedding frolic in which Guthrie one of the dead men, was the bridegroom and the daughter of landlord Allen was the bride

Still there is some doubt about who was the bride as this is about nearly all the particulars in the case obtainable

In celebration of the wedding used beer and cigarettes very freely and it is supposed cigarettes started the fire and that beer caused the stupidness, while the upended bath tub were indirect cause of so much fatality

It seems that while four out of the seventeen in the room were suffocated the other thirteen suffered but lightly

The names of the victims are
EZRA ROUSE
ARTHUR GUTH
NELLIE BENNETT.
ROY CARR

The fire is now known to have started from the explosion of a gasoline stove. The building was a two story frame.

THE PLANS OF THE BORAX KING

F. M. Smith, the head of the Pacific Coast Borax Company, has started a gigantic enterprise which will actually girdle the earth with his borax refineries. His latest move is to establish an enormous refinery in New York City, thus gaining complete control of the Eastern borax market, and as he already has a mammoth refinery in Liverpool, he now has the borax market of the world in his power.

He is in very fact the Borax King.

The tariff bill passed by the last legislature has given a most kindly fostering protection to borax industry, as a duty of $60 per ton was placed on all imported borax.

As soon as the bill was passed, the Pacific Coast Borax Company's capacity was taxed to the utmost and it was found that the Alameda works would have to be enlarged or a new refinery built.

Mr Smith decided to build and to place the new refinery in a location where the demand for the borax was greatest. Naturally, New York was selected, and plans for the building quickly made.

Mr. Smith has, as usual, kept his plans a secret until everything was in readiness for commencing operations. No one outside of those directly interested in the movement have known anything concerning the propos ed enlargement of the business.

He had telegraphed for the foreman of the Alameda works to join him in New York and to take charge of the refinery there.

Two hundred men will be employed in the New York refinery and the borax will be shipped directly from Death Valley to the Eastern establishment.

One reason for putting the new refinery in the East was that the borax could be shipped East in the crude condition cheaper than it could be refined here and then shipped.

By establishing the Eastern factory hundreds of thousands of dollars will be saved annually.

There was a rumor afloat to the effect that F. M. Smith proposed to close the Alameda works and to transfer his entire business East. This rumor is emphatically denied by those closest in the confidence of the Borax King.

It is authoritatively stated that the Alameda works will continue to run and will take charge of the borax trade west of the Mississippi while the big Eastern refinery will supply the East and South.

The Alameda works are now deluged with orders and work has been arranged that will take years to execute.

Charles Pickett, the former foreman of the Alameda works, cabled the following in answer to a telegraphic message from F. M. Smith. Pickett will oversee the work in the new factory. He has been one of the trusted employes in the Alameda establishment and will be placed in charge of 200 men in the Eastern refinery.

Lawrence Stripling has been promoted to Pickett's position and will have charge of the Alameda works. Eighty men are constantly employed in the Alameda works, and frequently the number is increased to 150 or more.

The size of the New York enterprise may be estimated by companies it to the Alameda establishment, which has had the controlling influence in the borax market for the past few years.

With the New York refinery the millions of the borax king will be quickly duplicated and triplicated. The passage of the tariff bill meant millions of dollars to F. M. Smith, whose fortune cannot be easily estimated now, but it is certain that he ranks among the richest men in the country.

The Eastern plant will cost in the neighborhood of a million dollars and is now almost ready to begin operations.

F. M. Smith is in New York at present and is giving his personal supervision to the establishment of the enterprise that will make him a modern Croesus.

His recent journeyings to England and the continent have given him full power in the borax business. He has bought up all the smaller borax industries and now has the control of the market in his own hands.

He has practically a monopoly on the borax industry in this country as the high tariff will prevent any importation, and as far as other countries his vast resources make him actually king of the borax industry.

Mr. Smith, already more than a millionaire, has had at least $2,000,000 added to his fortune by the passage of the tariff bill. His greatly increased revenue will place him in a position to do practically as he desires with all his large holdings in this city.

It is understood from a reliable source that some very important deals will be consummated in connection with the Realty Syndicate as soon as the borax business is arranged so that it does not require immediate attention.

WILL SHUT THE FACTORY.

A late private dispatch from New York puts a somewhat different coloring on the situation. It states that eventually F. M. Smith will close the Alameda works.

They will probably remain open for a year or two longer and will then be shut down. The business will then be transferred to New York.

The dispatch comes from a confidential source and is reliable in spite of the assurance of the Alameda men that both plants will be kept running to meet the enormous demand for borax that the tariff bill has made upon the American Borax Works.

SHIP ON FIRE AT THE WHARF.

Watchman Larry Johnson of the British ship Cumbermere was startled just before day break this morning by the smell of smoke apparently coming from the forward part of the vessel.

Hurrying to the front he observed a line of smoke issuing from a crevice. Quickly catching up a near-by ax, the watchman dealt a couple of blows on the floor of the deck and a mass of flame burst forth.

The crew of the ship was immediately aroused and there began a fight against the flames that lasted for almost two hours.

Had the watchman not discovered the smoke at the time he did, the ship might now have been at the bottom of the estuary.

The Cumbermere arrived at the Adams' Wharf from Australia with a cargo of coal, several days ago.

Last night she finished discharging her cargo and had determined to leave the dock today.

While waiting for a tug boat the Cumbermere moved out to allow the British Princess, another coaling ship to get to the dock.

Last night the Cumbermere lay along side the Princess.

How the fire broke out is a mystery. It started in a space apportioned off from the rest of the hold for the storage of tar and before it had been extinguished it had eaten its way through the forward deck and along a considerable portion of the inside of the hold.

There was considerable difficulty in fighting the flames as they got between the double decks and the smoke in the hold was choking.

The crew of the British Princess joined with those of the Cumbermere and fought the flames desperately. That no one of either crew was injured by the gas in the hold was a miracle.

The ship is believed to have been set afire by some of the crew and it is almost a certainty that one or more of the crew are now in irons, although Captain Furnard refused either to affirm or deny the question on the point.

The trouble was all caused over the arrest of John Henry Near, one of the sailors of the Cumbermere.

Near is a West Indian, and during the trip of the vessel from Australia it is said that he had frequent trouble with the Captain and other members of the crew.

Yesterday Near desired to go ashore and was refused by the captain, whereupon a fight between the two occurred, during which the captain was slashed with a knife on the hand and right leg.

Near made his escape but was subsequently arrested by Officer Carson, just as he was attempting to board a train for San Francisco.

The crew of the Cumbermere is composed largely of negroes and although Near had trouble with most of them, he still had several friends on board.

It is thought that these friends set the vessel on fire out of revenge.

Just what damage was done is not known.

When seen by a Tribune man this morning, Captain Burnard was in his cabin. He was pacing nervously about the room and cast frequent glances behind him as if expecting every minute to have some hidden assassin spring from cover and stab him in the back.

"I do not care to say anything about this affair," said he. "I have some very hard and desperate men in my crew and I have expected a mutiny ever since we left the Antipodes.

"The man Near, who is now in the City Prison is a bad character and he has caused trouble aboard other vessels. I did not learn this, however, till we were well out at sea.

"Evidently some friend of his, bent upon revenge, did this morning's work. I have my suspicions of one man, but I do not wish to say how he will be punished.

"There are about a dozen 'niggers' in my crew and I have had to be very watchful in consequence of which I am very badly run down and nervous at present.

"I do not anticipate trouble when we get to sea again, but I will take extra precautions. I would not be the first ship captain murdered by a ruthless crew.

"You can rest assured that Near will not be on the outgoing voyage.

"We are now waiting for a tug to tow us beyond the heads and once on the high seas I can really have better control of my crew than I have here."

The Cumbermere is a large vessel and is owned by a Liverpool firm. She came in with an assignment for the Oregon Improvement Company.

Near is still in the city prison, but his hearing has been set for August 10th, and by that time the captain and crew of the Cumbermere will be out of the country.

Near claims that the captain was guilty of brutality on more than one occasion on the voyage from Australia, and says he can prove his charges by a number of the crew.

It is said that Near had just been released from prison when he shipped on the Cumbermere and that on two occasions on the voyage he came near exciting mutiny by his behavior.

JAPANESE WANT AN OIL SYNDICATE.

Efforts Are Now Being Made to Control the Output of the Country.

By Associated Press to The Tribune.

WASHINGTON, Aug. 4.—Consul Monoghan at Chemnitz writes the State Department that Germany is turning its attention to the oil territory in Japan and that an effort is being made at Tokio to organize a syndicate similar to the Standard Oil Co. or the Russian Trust for the purpose of increasing production. It is also said that oil has been found in large quantities in Formosa.

The Consul says that Germany is increasing its trade in India and is now third in point of commerce with that country. He adds that the United States with half the effort of the German agents ought to obtain a much larger share than hitherto of the markets of Calcutta, Bombay and Benares.

Mr. Monoghan discusses the efforts Russia is making to aid its farmers. Every obstacle in the way of agricultural development and in the exportation of farm products is to be removed. Agricultural implements not made in Russia will be duty free for five years.

The Consul suggests that American manufacturers of agricultural implements should look into the matter of supplying this new market.

AUSTRALIA IN PORT

She Brings No Advices From the Islands of Hawaii.

By Associated Press to The Tribune.

SAN FRANCISCO, Aug. 4.—The steamship Australia arrived here this afternoon from Honolulu. The Australia passed the Moana one hundred and twenty-five miles from Honolulu and consequently did not bring any news that may have arisen after the arrival of the Moana.

When the Australia left on July 29th nothing was known by the general public of the plan for raising the American flag.

Everybody was in a state of uncertainty and the people were anxiously awaiting the arrival of the Moana, which was expected to bring decisive information as to what was to be done.

THE CRAVEN CASE COMES TO A CLOSE.

Attorneys Squabble Over Questions to Be Asked Reuben Lloyd.

By Associated Press to The Tribune.

SAN FRANCISCO, Aug. 4.—All that remained to close the case for the plaintiff in the Angus-Craven case today, was the framing of certain questions to be propounded to Attorney Reuben H. Lloyd upon re-direct examination, should that gentleman, who is seriously ill with pneumonia, sufficiently recover before all the testimony in the case was closed.

This, however, caused endless quibbling among the attorneys, as counsel for Mrs. Craven objected to each and every question framed by the other side.

The plaintiff's case was finally closed shortly before noon and Attorney Denison addressed the jury at considerable length, reviewing the proceedings of the past few months and stating what he proposed to disprove.

BIT A YOUNG LADY ON THE NECK.

Brutal Act of a Kisser on a Street of Kansas City.

By Associated Press to The Tribune.

KANSAS CITY, Aug. 4.—A special to the Star from Sedalia, Mo., says:

Mrs. Sadie Stevenson and daughters Lolie, Mattie and Sadie, were passing along Broadway last night when a white man grabbed one of the girls around the waist and kissed her. She screamed and then the brute sunk his teeth deep into her neck, inflicting a painful wound. Officers accompanied by scores of men gave chase, but he succeeded in escaping.

GROUND TO PIECES BENEATH THE WHEELS.

Horrible Death of an Unknown Man Across the Bay.

By Associated Press to The Tribune.

SAN FRANCISCO, Aug. 4.—Early this morning an unknown man about 45 years old, deliberately walked along the railroad track toward an approaching locomotive, and before the engineer could reverse and stop his engine, threw himself in front of it and was literally ground to pieces.

The body has not been identified.

RAIN WORTH MANY THOUSANDS OF DOLLARS.

Breaking of the Drought in Illinois in Time to Save Crops.

By Associated Press to The Tribune.

CHICAGO, Aug. 4.—The drought was broken this morning, the rainfall varying from half an inch to an inch and a half. Along the Burlington line the rain was heaviest where it was needed worst. Reports received at the general office say that the rain came just in time to save the corn crop. While some corn had been slightly damaged, the indications now point to an enormous crop. The rain was worth many thousands of dollars.

KILLED IN THE WRECK.

Another Disaster on the Rails Which Results Fatally.

By Associated Press to The Tribune.

DENVER, Col., Aug. 4.—The washout on the Denver and Rio Grande railroad caused by a cloudburst at Castle Rock yesterday, was promptly repaired and trains are running regularly today.

Very little delay was caused by the washout, as the Rio Grande trains were run last night over the Gulf road's track between Denver and Colorado Springs.

CANDY MEN CANNOT AGREE.

A Convention Being Held in the East by the Large Jobbers.

By Associated Press to The Tribune.

DETROIT, Mich., Aug. 4.—Fifty delegates to the annual convention of the National Jobbing Confectioners met in the City Council chamber today. John Gray of Detroit, ex-president of the Candy Manufacturers' Association, in a short speech commended the course of the Middlemen in insisting on full weights and pure articles.

Trouble ensued when President Stern of Cincinnati announced the appointment of a committee on credentials. The president had ignored the Chicago delegation in making up the committee.

Albert Cureton arose to protest, but the president declared he was out of order and not a member of the association. The credentials committee was soon ready to report, but a recess was first taken until 2 P. M.

It appears that the Chicago Candy Jobbers' Association withdrew from the Association last year after the convention at Milwaukee at which Mr. Cureton had been defeated for re-election as men, however, formed a club and applied for membership in their new form. Some of the delegates favor their admittance, others do not. Mr. Cureton desires to again be a candidate for secretary.

When the convention re-assembled this afternoon, the committee on credentials reported that it stood three to three on the question of reinstating Chicagoans as members. The committee referred the matter back to the convention.

SHOTS FLY BECAUSE OF A WOMAN'S FAVOR.

A Vaudeville Artist and a Cab Man Use Pistols With Freedom.

By Associated Press to The Tribune.

CHICAGO, Aug. 4.—Alexander L. James, who claims to be a vaudeville actor, and E. J. Curtis, a cab man, fought a duel with revolvers at short range in Wabash avenue early this morning.

James received a shot in the forehead and Curtis was severely wounded in the side.

The trouble was the outcome of a quarrel over a woman. Neither of the duellists was seriously injured, although a dozen shots were exchanged.

GOLD SEEKERS SAIL AWAY.

The Walla Walla Leaves for the Claims in Alaska.

By Associated Press to The Tribune.

SAN FRANCISCO, Aug. 4.—The big steamer Walla Walla sailed for the North this morning with three hundred passengers, of whom at least one-third were bound for the Klondyke gold fields. Her departure was greeted most enthusiastically by a much larger crowd than has attended the sailing of any previous expedition for Alaska.

The scene at Broadway wharf was one of indescribable excitement and confusion just before the steamer left her berth.

THE FIGEL CASE.

By Associated Press to The Tribune.

SAN FRANCISCO, Aug. 4.—Owing to the non-appearance of two important witnesses for the prosecution, there was only a very short session of the Figel examination today and the attorneys were unable to fulfill their promises to close the testimony.

General Barnes insisted upon proceeding with the murder case, but the prosecution declined to do so and adjournment was forced.

Want a Water Supply.

By Associated Press to The Tribune.

WASHINGTON, Aug. 4.—The Bureau of American Republics has received information that the government of the State of Para, Brazil, is inviting tenders for the purchase of the present water works of the city of Para and for extending the systems.

Bids will not be received after November 18th next. Para is at the mouth of the Amazon and is the principal shipping port for the India rubber of Brazil.

Not Dean, but Campbell.

Charles Campbell, a street railroad man is anxious to be known by his right name. Since coming to California he has been known as C. E. Dean, which name he took because he had been blacklisted for taking a prominent part in the '83 strike in Illinois.

The Benefit Concert.

The concert arranged by Winifred June Morgan to be given at the Young Men's Christian Association will take place Friday evening, August 13th, one week from tomorrow night. Miss Morgan will be assisted by May G. Terrell, contralto; Emmabelle H. Zucker, reader; Lovell Langstroth, 'cellist, and Miss Lorena Krapp, pianist.

A CONTRACTOR EXPLAINS.

A School Janitor Cannot be a Good Judge of a Cement Contract.

Editor Tribune:—In yesterday's Enquirer we find an article that the cement used at the Prescott school was not put in as per specification, according to one D. A. Valentine, who is supposed to be appointed inspector for such work. Now, of the Prescott school trouble I don't know anything, but being acquainted with the contractor and his work, it is safe to say the city gets all it is entitled to. As far as the inspector is concerned, I know the gentleman also. I being the contractor to lay cement walk at the Garfield school at the present time and had trouble with this same D. A. Valentine before. The difficulty seems to hang simply on this, this gentleman may have a little petty authority (but where he gets it under my contract and specification I don't see) picked up by the Superintendent of Public Schools and that is all, for a knowledge of the duties required this Mr. Valentine knows absolutely nothing. According to his own story, he is a plasterer and later a painter by trade, and a janitor by profession, and such a man will, in order to hide his absolute want of knowledge of the work in hand, cover it by a lot of bluster and bluffs. I really don't remember how often he threatened to have me or my men arrested for something that was, according to his interpretation of the specifications, not done correctly. Now, if Mr. McClymonds was really interested in getting good work, why in the name of common sense does he not appoint an inspector that is familiar with the class of work on hand. Certainly there are any number of citizens in Oakland who are able to read specifications, as well as know the meaning of them after it is read, who have had years of experience in this line of work. The great trouble is simply that sometimes contracts are awarded to parties who are not on the inside of the powers that be, and in such a case life is made a burden to the unlucky contractor, so as to discourage him never to try again for city work, and especially school work. That is the reason there was only one bid on certain work let about one month ago, at a price nearly 30 per cent higher than the same work was done three years ago, when labor and material was at least 25 per cent higher than now. There are nearly thirty cement contractors in this city, and a job running up into the thousands generally is well competed for, but in this, as well as in numerous other jobs, only one solitary bid was received, for a burnt child is afraid of the fire.

A SPECIAL LEASED WIRE IS LOCATED IN THE TRIBUNE OFFICE AND THE NEWS OF THE WORLD IS RECORDED THE DAY IT HAPPENS.

Durrant's Horse.

Mrs. S. C. Sanford, secretary of the Society for the Prevention of Cruelty to Animals, will bring another suit against the two men who have already been sued for driving a horse to death. The other horse driven by them is suffering from congestion of the brain, and is in a dangerous condition. The horse which is called "Fay," is a historical one, for it is the one which Durrant was riding when he was arrested for the murder of Blanche Lamont and Minnie Williams. The horse is now in the possession of Mrs. Sanford.

Smith Was Troublesome.

Ellen Smith of San Leandro swore out a warrant in Judge Cliff's court this morning charging her husband, Samuel Smith, with disturbing the peace. Smith became tipsy and began festivities by beating his wife. She objected and came to town to get out a warrant. Smith is a one-legged man.

Smith is also charged with cruelty to animals as he drove his horse when the animal was suffering from a lacerated shoulder.

A Trio of Marragies.

Justice of the Peace Fred Clift performed three marriages yesterday afternoon. Walter J. Phillips and Mary Weber were the first couple made one. Another pair of lovers from the Encinal City, Oscar J. Downs and Mary Elizabeth Brandt, were next united.

In the third wedding, the bridegroom, Charles Mall, was 65 years of age, and came from Haywards, while his bride, Mary E. Hunter Hart, was a buxom woman of 43 years.

In the Courts of Justice.

Richard Marston has brought suit in Judge Allen's court to recover $54.50 on a promissory note.

Another suit has been filed in the same court by Frank J. Moffitt, who is seeking to recover $66 65 and interest on a promissory note given by J. F. Landregan.

INOCULATION FOR DRUNKENNESS.

The "Equisine" From a Horse Will Kill the Hereditary Taint.

A Wonderful and Simple Remedy is Discovered by a Physician.

Dr. Fred W. d'Evelyn of San Francisco claims to have discovered a new and wonderful remedy for drunkenness. He believes that the cause of drunkenness can be entirely eliminated by a system of inoculation with a substance of horse blood called "equisine."

He has been experimenting for the past fifteen years and feels that he is at last successful. His laboratory is located in Alameda and there the physician conducts some novel experiments, which he has embodied in a report to the Medical World of Philadelphia.

He administers alcohol to healthy horses in order to learn effects and obtain desired results. By this means it is shown conclusively that the blood corpuscles are materially changed in their character, and that these changes are both chemical and biological—that the blood takes on entirely new characteristics and that a new element is produced. This new element or modified blood corpuscle the doctor calls an "alcocyte." These alcocytes are, in fact, the hereditary taint which causes the child of a drunkard to become an inebriate, just as the taint of any other disease of the blood is transmitted from parent to offspring.

The "type" horse, or horse that has been thoroughly subjected to an alcohol treatment, is his blood flowing directly into a sterilized vessel containing chloral and immediately mixed to influence the clot. It is allowed to settle for twenty-four hours, then subjected to a freezing process and then well shaken for twenty or thirty minutes and decanted. A slight yellowish sticky, pale-straw, or reddish-yellow fluid is the result. This fluid is what is designated "equisine" and contains the essential element of the alcocytic blood—a chemical reaction of alcohol on the blood compound. What vaccine has been to smallpox equisine will be to alcoholism.

The power of this element does not end with removing the hereditary taint, but under it influence the doctor has had the satisfaction of obtaining most encouraging results in subjects affected from acquired proclivities in which the confirmed inebriate has been cured of all desire for liquor.

AT THE TRACK.

Good Sport Continues to Be an Excellent Drawing Card.

Another large crowd attended the races at the Oakland track yesterday, and were furnished with a good day's sport.

Trotting races in the past have been a poor drawing card, but the Pacific Coast Trotting Horse Breeders' Association has succeeded in awakening considerable enthusiasm in the sport, with the result that each day the crowd at the track increases.

The winners of the races yesterday were Nordeau, Meridian and Butcher Boy, the last race being a special butchers' event.

The crowd at the track today is larger than that of yesterday. Following were the entries for today:

First race, pacing, for three-year-olds P. W. Hodges b. k. s. De Bernardo, William Munags b. s. Hijo de Diablo, P. H. Quinn's b. c. Arthur W., River View Stock Farm blk. f. Telephone, W. H. Stimson's b. c. Muskegon, Walnut Grove Stock Farm's b. m. Majella B.

Second race, trotting, 2:16 class—J. Christen's b. h. Fargo Bank, Delaney & Cole's m. m. Anita, Dennis Gannon's b. s. Clay S., Jordan & Franklin's b. m. Margaret Worth, J. H. Kelly's b. s. Conn. D. Marchand's br. m. Lady O., W. S. Maben's blk. m. Galette, H. S. Hogeboom's br. m. Humboldt Maid.

Third race—Match between Pilot Prince by Dexter Prince, and Chico by Monroe Chief.

Four horses—Members of the Alameda Driving Club to drive. B. E. Combs, Anita; W. H. Noyes, Kitty Bowers; C. T. Bulls, Much Better, C. C. Gardner, King Cadenzia; and Thomas Mottan's Count.

Tomorrow will be ladies day and it is expected that the fair sex will respond in large numbers to the invitation. Ladies will be admitted free.

THE GRADY NOT TO RUN TO THIS PORT.

Little Use for the Old Craft Now She Is in the Harbor

After all the talk, and all the anxiety of Oakland commission men to procure the steamer H. C. Grady, the vessel will not trade to this port.

The Grady will make her first trip up the Sacramento river tomorrow. There will be a brass band and free lunch on board after which the Grady will enter into competition with the old dealers of San Francisco.

There are many who think that the Grady's present owners are creating the opposition for the purpose of selling their boat to the Dutch Company, which controls the San Francisco trade.

The deal with the Oakland parties is off. The original contract called for the steamer to be ready for service on the 1st of May but as she did not arrive other boats were procured and the contract fell through.

THURSDAY.....JULY 5, 1897.

They had Ayr-ships in Scotland centuries ago.

The residents of Fruitvale are doing well to agitate for improved school facilities. They form one of the most potent factors in upbuilding a community.

Senator White and the other Cleveland Democrats may be opposed to annexation, but if the American flag has been again raised over the Islands as the press advices indicate, it is a hundred to one that it will not come down again!

The north has been a great wealth-producing country for the past thirty years. The Columbia river has yielded about $70,000,000 in fish. The Treadwell mine has added millions to our coined wealth, the seals have contributed untold revenues and now come the pioneers, promising to furnish fully as much more.

Who knows where someone has hidden $1,246,000,000? Bryan says there is only $500,000,000 in circulation to do all the business of the country, but the treasury report states there is $1,046,000,000 floating around. Either somebody has got most of the money in a corner or else Bryan is in one himself.

The dangers attending Andree's balloon trip have been summed up as follows: Light contrary winds, rains that freeze and weigh down the balloon, storms, escape of gas and loss of lifting power, and the remoteness of landing places from human life or help. The more one thinks of it, the more it looks as if the venture was a case of scientific suicide.

Mrs. Leese may not be a fit person to occupy the Lieutenant-Governor's chair of Kansas but she keeps right along seeking the office, evidently on the basis that she needs the money. Her household was attached the other day to satisfy a mortgage and all the officers could find to levy on was two cheap bedsteads and Mr. Mary Lease. She must be given the credit anyway of showing the astuteness of a trained politician.

Co-education is spreading. Its success at the Berkeley and Stanford Universities has encouraged other States that have been figuring on making the experiment and now Maryland is about to drop into line. Co-education also brings competition in studies, for the old idea that girls could not master the classics and mathematics has long since been dissipated and they now keep the male students hustling in the strife for honors.

In the event of any trouble arising the collection of royalties from the Klondyke miners, routes are being hunted up by which the Canadians can rush troops to the scene. One was suggested is via Hudson's Bay, Great Slave lake, Mackenzie river and the Porcupine river, the latter being a tributary of the Yukon. This would give water transportation most of the way and navigation is said to be open five months in the year.

Cleveland's Presidential bee is said to be buzzing about again and it is stated that he believes himself to be the logical Democratic candidate in 1900, if he is so anxious to retain the title of President he had better accept the presidency of the University of Virginia that they say has been offered to him and be satisfied with that. Queen Lil's "great and good friend" will never occupy the White House again, that is certain.

A police Judge in Illinois has proved himself to be an ultra-suffragist by sentencing a female criminal to the rock-pile for thirty days and has stirred up a hornet's nest thereby. The various female societies for miles around are denouncing him and among other things say, "Such a man disgraces the name of 'Judge' and is a common disgrace to the State, it matters not what the crime of the woman was." This may be all very true, but pleaders of the cause of suffrage must remember that they who seek the benefits must also get the burdens.

Bryan's slogan of "hard times" is becoming more and more of a farce every day. Values are increasing, old industries reviving and new ones starting, the big crops are moving and vast sums going into circulation throughout the land, business failures are decreasing and money becoming easier in every way. Nebraska has paid off $28,000,000 indebtedness, North Dakota $25,000,000's worth, South Dakota $70,000,000, Kansas $50,000,000, Iowa $25,000,000 and many other States have a similar showing in lesser amounts. The Republicans should encourage Bryan to go around the country talking, for his own arguments are the best that can be made against him.

THE BILL-BOARD NUISANCE.

City Engineer Clement, to whom has been referred for a report, the matter of regulating the height of the advertising bill boards can be relied upon to handle the matter in accordance with the justice of the case and the local conditions. Of late the bill board nuisance has become extravagantly intolerable. Huge timberings frailly constructed have been erected on almost every available piece of vacant land and are not only unsightly, but form a nuisance in every sense of the word, but the legal one. The matter has been before the Supreme Court in a test case and the bill board men won, though under conditions that would probably defeat them in Oakland. The point is that they come within the police regulations and if the boards are in any way dangerous to the public safety they can be condemned.

That they are dangerous here in the majority of cases is unquestionable. Every time an unusually high wind prevails sections of these fences blow down, and that many people have not been injured has simply been due to the sheer luck that no one was passing at the time. Citizens, though, should not be compelled to take these chances and as it is within the power of the city to exercise the necessary preventive there should be no hesitancy about using it.

The bill board nuisance would soon be obviated if advertisers awakened thoroughly to the situation regarding those unsightly fences. Advertising of that description only pays in a very few instances. It is out of recent date that the glaring posters that now annoy the eye in every direction came into general use. They were born of a society fad—the poster craze. When that epidemic first broke out, stores were ransacked and advertising warehouses looted of anything original in the way of pictorial or novel bills and the result was that general attention was attracted to that sort of thing and the bill board men took advantage of it. They rented all the available unoccupied land and then after erecting huge fences, covered them with more or less artistic posters, for which the firm so advertising had to pay a stiff price. It was a good idea for the time being and there is no question that the advertisers reaped good results from their enterprise.

But the fad has died out. Posters, no matter how rare or unique, are at such a discount that they are practically worthless. Society soon tires of its toys and it does not take long for a wave to ebb away. Whatever popularity, poster advertising had is now gone. While the idea was new, passers-by looked at the bill boards and read and admired various designs. They have become used to them now, though, and posters that six months ago would have been an item of gossip never even attract attention. Of course anything very lavish or very much out of the ordinary might catch the eye, but beyond that it would create no comment.

The advertising value of the bill board is therefore, practically gone. It always was and always will be good in one way—that is to keep some particular name or idea before the public, but as a medium of actual and specific advertising it is now worthless. Reason will read by show that the advertisement that reaches the home in the columns of a daily newspaper, where it can be perused and thought over at leisure, must be of a hundred times more value than if flashed upon a board in front of a vacant lot. What woman would care to stand in front of a bill board to gather the points of an advertisement? And yet, the plausible canvassing of the agents of the poster men frequently results in the securing of advertisements from dry goods and supply stores, though it is commendable to note that they are not meeting with as much success as formerly, for the liberal advertiser is, as a rule, a shrewd business man and quick to see where his money is not securing the proper returns. The days of the bill boards usefulness are, therefore, at an end and though it is not possible to remove them altogether, the authorities should take advantage of the power vested in them by law and so limit the height of the fences that they will no longer be a menace to the public safety.

The growth of the University of California is proceeding at such a rapid rate that it will not be long before it is the leading educational institution in the West. Five hundred freshmen are expected to be on hand when the term commences next Monday and this in spite of the competition of Palo Alto. By-and-bye when the plans for the beautification of the Berkeley college are in practical evidence, California will not only claim the western supremacy in that line, but will be the peer of anything in the United States.

Why shouldn't wheat go up? The crop in Europe this year is from 100,000,000 to 120,000,000 bushels smaller than that of 1896 and as the reserves of wheat on hand at the present time are lower than they were at this season in the past eight or ten years the wheat market for the next six or eight months is likely to be very strong. As the United States has from 75,000,000 to 100,000,000 bushels more than in 1896 nothing in the world can stop that wave of prosperity from coming right along.

It seems but the other day that the press dispatches were chronicling the opening up of Oklahoma and giving the details of the breaking of the ground by the pioneer settlers. This is all of interest just now, in view of the announcement that Oklahoma will have a crop of 125,000 bales of cotton this year. No wonder the sleepy countries of the old world are surprised at the pace we cut.

LIFE.

Just a game of living chances,
And the cards are shuffled well,
Ere the hand of fate advances
Unto us the ones that tell
Whether we shall draw the token,
Shall the hazard run in vain;
Whether ours a heart that's broken,
Whether joy be ours to gain.

There's a tiny joker hiding
Somewhere in each pack of fate,
His the message of good tiding
When he is not dealt too late;
But to those who fail to find him
At the outset Cupid flings
Just a smile and leaves behind him
But the flutter of his wings.

FASHIONS, FANCIES.

The new silk petticoats of brocade and light shoe silks are from three to three and one-half yards around, made with one deep flounce from the knee trimmed with a lace edge, the rows of insertion between clusters of tucks. A wide flounce with a narrow ruffle on the edge, falling over a double ruche on the skirt, is a favorite mode of trimming, as it assures the full effect at the bottom.

Purses to match or harmonize with the color of your costume is one of fashion's new whims, and dainty pocketbooks are made of mauve, green, blue and brown leather.

Fancy Oxford ties with a patent leather vamp and finish are made of mohair velour in various tints of green, blue, dull red, and brown.

"Tyrolean hates of the brigand shape" are considered by English women to be the best and most becoming for cycling, and the brims and crowns are often of contrasting color. Canvas hats, too, are very much favored.

One of the many jubilee souvenirs is an umbrella, with a Dresden handle, decorated with gold and a portrait of Queen Victoria in her coronation robes, copied from a picture at Windsor Castle.

A wise authority asserts that a revolution in millinery is going on, that the large hat is not among the latest novelties, and that the proper thing is the medium shape, round and flat, trimmed round the crown, with no assertive aigrey, or aigrette of ribbons, flowers, or lace at the side. When feathers are used they are arranged to droop at the hair at the side.

WARNER'S BODY IS FOUND

The Aged Swiss Evidently the Victim of Self-Destruction.

Waves Wash the Body Ashore at Lime Point, Marin County.

The body of Sam Warner, the aged Swiss, who disappeared from his Golden Gate home two weeks ago, has been found on the beach at Lime Point, Marin County.

The body was washed ashore on the waves Tuesday and from the description furnished the old man's family became convinced that it was Warner.

A son-in-law has identified the remains and they will be brought back to Golden Gate, where the funeral will be held next Saturday.

When the old man disappeared the family refused to believe that he had committed suicide, saying that he often left home for several days. Some months ago the old man was found lying near his residence, suffering from wounds received from the explosion of a stick of dynamite. It was generally supposed then that he had tried to make away with himself, although he claimed that he had been blasting a stump and had been accidentally injured.

TRIES TO ESCAPE HIGH TAXES.

William Rockefeller Makes an Attempt to Sell His Property.

By Associated Press to The Tribune.

NEW YORK, Aug. 5.—The Journal says:

"Because of what he considers an excessive assessment by the authorities of Mount Pleasant township, in which his Tarrytown property is located, William Rockefeller has placed the property on the market. He sold his summer place at Greenwich, Conn., about eight years ago, on account of what he claimed was excessive taxation, and is now said to be looking towards Newport as a retreat from taxation. Mr. Rockefeller is now in Europe. He sailed on June 30th, and a real estate agent of Tarrytown, who has been acting for him in contesting the assessment value of his property a year ago, now announces that before sailing Mr. Rockefeller authorized the sale of his property for $350,000.

The assessed valuation is $2,883,805. That of a year ago was $1,100,000. The purchase price was $125,000 and the improvements have cost about $350,000.

Says Christ Is Coming

By Associated Press to The Tribune.

NEW YORK, Aug. 4.—Rev. S. Merritt, who recently startled his acquaintances by announcing that he was an instrument in the hands of Providence to work miraculous cures, now declares that Christ will make his second appearance before the end of the century. The scene of the second advent will be Nyack Heights, where, according to Mr. Merritt, a New Jerusalem will be built. The property on which the city of grace is to be founded was owned by William M. Tweed, who laid it out for a country club.

Germans Will Picnic

The second annual picnic of the German Societies of Oakland, San Francisco and Alameda will take place next Sunday at Shell Mound Park, when a great gathering is expected.

Besides the dancing, the numerous prize races, games, and bowling during the day, there will be a grand moonlight festival until 11 o'clock.

A parade will be given at 9 A. M., starting from Germania Hall, headed by the Fifth Regiment Band, and followed by the numerous members of the different German societies.

DREAMS.

Now all the cloudy shapes that float and lie
Within this magic globe we call the brain
Fold quite away, condense, withdraw, refrain,
And show it tenantless—an empty sky.
Return, O parting visions, pass not by;
Nor leave me vacant still, with strivings vain,
Longing to grasp at your dim garment's train,
And be drawn on to sleep's immunity.
I lie and pray for fancies hovering near;
Oblivion's kindly troop, illusions blest;
Dim, trailing phantoms in a world too clear;
Soft, downy, shadowy forms, my spirit's nest;
The warp and woof of sleep; till, freed from fear,
I drift in sweet enchantment back to rest.

—Thomas Wentworth Higginson in the Century.

A CHANGE OF SCHOOL BOOKS.

It Increased the Expense of the Young Berkeley Students.

NEWSY NOTES FROM ALAMEDA.

Property Owners Ask to Have Their Assessments Reduced.

BERKELEY, Aug. 5.—Professor Walter E. Magee of the physical culture department of the State University has arranged a course of work in his department that will fit students to become teachers of athletics. The studies pursued will be strictly scientific and are primarily designed for those who intend to make the teaching of physical culture their life work. It begins with a study of the most elementary systems of developing the human body, follows along the line of culture from the standpoint of physiology, and finally ends with a scientific study of how to remedy acquired deformities. In fact, the course will supply adequate information for those who wish to become pedagogues in the line.

The parents of Berkeley school children are complaining that the sudden change in school books will necessitate many pupils buying new books after having laid in a supply of those formerly used. The changes were made by the Board of Education on Monday night upon recommendation of the new superintendent, F. E. Perham. The pupils had already on Monday laid in their supply.

An effort is being made to consolidate the Berkeley postoffices. It is proposed to have a main office in East Berkeley and to make the offices at Peralta, Lorin and West Berkeley sub-stations. It is believed that by this means better service could be obtained, as the business of the west and south parts of town added to the main office would entitle it to one or two more carriers, and thus make possible the extension of the free delivery.

News has been received in Berkeley that the degree of "cum laude" has been conferred upon Russ Aver by the Howard Law faculty. Avery graduated from Harvard with the last class and from the University of California in 1894. He is well known in Berkeley and especially in the University, where he was a prominent athlete and debater.

The University teaching corps has been augmented by several new instructors and the reappointment of several after a year's service.

Among them is Newell G. Perry, the blind graduate of the University, who has again received his position as fellow in mathematics.

The appointments are as follows:

Assistant professors—T. B. Dresslar, pedagogy, M. L. Morgolis, semitic languages and literature.

Instructors—H. C. Nutting, Greek and Sanskrit; Clarence W. Leach, history; Leon J. Richardson, Latin; L. E. Dickson, mathematics; C. J. Bakewell, philosophy; W. P. Boynton, physics; S. A. Chambers, French.

Fellows—T. M. Putnam, Newell G. Perry, F. E. Ross, mathematics; G. D. Louderback, mineralogy; J. L. Heaton, pedagogy; F. H. Bartlett, French.

Assistants—G. F. Winterburn, drawing; S. A. Moss, mechanics; F. R. Watson, R. W. Gray, physics.

There have been an unusually large number of applicants for admission at the State University. Three hundred and fifty students will take the entrance examinations next week. The last college opening found 250 students ready to take the examinations, while in 1895 there were 210. The increase this year indicates an unexpectedly large freshman class, though it is in great measure due to Professor Bradley's action requiring the English departments of the preparatory schools.

George Schmidt has traced his former tenant, B. Shopiro, as far as Napa Junction, and believes that he cattle which he is looking for will be found there. Schmidt holds a chattel mortgage on Shopiro's cattle, which were spirited away in the night. Shopiro rented a ranch house from Schmidt, which was mysteriously burned Sunday night. Schmidt accuses Shopiro of incendiarism. Schmidt will also prosecute Shopiro for high misdemeanor in removing mortgaged property while the latter claims the cattle belonged to his wife. If that is the case, Shopiro will be arrested for obtaining money on false pretenses.

ALAMEDA NEWS.

ALAMEDA, Aug. 5.—The first complaint to be received against the valuations of the Assessor was that of Victor Engineer, who asks for a reduction on his property at the corner of Pacific avenue and Walnut street, from $600 to $600.50. Jacob Hoeck wants a reduction from $1,600 to $900 on property at the corner of Railroad avenue and Powers' court. The Board of Equalization will convene Monday, at 10 A. M.

The funeral of the late H. W. Cotton was held this morning at 11 o'clock from the Cotton residence at 1217 Oak street. Mr. Cotton was a prominent member of the G. A. R. A widow and daughter, Mrs. W. J. Fisher, survive the deceased.

A TUNNEL UNDER THE HUDSON.

The Abandoned Sub-Marine Way to Be Pushed to a Finish.

By Associated Press to The Tribune.

NEW YORK, Aug. 5.—The Hudson River tunnel project to connect New York and New Jersey has been revived. Plans are now being perfected to resume construction where it was dropped five years ago. The first step will be the filing of foreclosure papers by the law firm that represented the English bondholders against the tunnel property. It will be sold and bid in by the stockholders and then everything will be legally cleared for a reorganization and a new issue of bonds. Engineers say that an expenditure of $1,500,000 will complete the work. $4,000,000 had already been spent before the work was abandoned, at which time there were 3,916 feet of completed tunnel going east from the shaft in Jersey City. One thousand feet of this distance extends east of the middle of the Hudson River. In addition, there was 170 feet completed westward from the New York shaft at the foot of Morton street, leaving only about 1,000 feet to be constructed.

A BIG BUSINESS.

The Metallic Warehouse Company Has Located in Oakland.

A new firm, the business of which promises to extend throughout the State, has been organized under the title of the Metallic Warehouse and Storage Company.

Charles Y. Pugh, whose enterprise and energy as a business man has made his name well-known in this city and San Francisco, is the manager and part owner of the new concern.

Warehouse No. 1, situated on Washington street, near Fruitvale avenue, Fruitvale, is of corrugated iron, and of large dimensions, absolutely dry and fire proof. It is thus a perfectly safe receptacle for all furniture of the most expensive kind, such as pianos, mirrors, carpets, and also works of art.

The firm also carries on a general expressage business, thus insuring the greatest carefulness in moving furniture to or from the warehouses. Storage of vehicles will be specially provided for.

Advances on consignments are made by the company and a general storage business conducted.

Oakland is to be congratulated both for the excellent new business concern, and for the enterprise the firm embodies.

A CROCKERY CLUB FALLS TO PIECES.

Haywards Women Pay Money but Are Still Looking for a Tea-Set.

There are about forty materfamilias in Haywards who would like to receive a handsome set of gold and white Roman crockery or else meet the man whom they have paid for it.

Some time ago a very pleasant man appeared in Haywards and at once made himself known to the matrons, housewives and mothers of that town. He had a splendid proposition with which to do business. He was prepared, so he said, to give twice as much value as he received money and, of course, he did a good business. His customers were to pay 15 cents till they had paid $4.50 and then they were to receive a gem of a tea-set, worth $8.

Many of them have paid their $4.50 and are now looking for the crockery. They can find neither it nor the agent.

A NEW SCHEME TO CATCH TRUANTS.

Postals Will Be Sent to Pupils of the Central Evening School.

The lads who have been taking advantage of the Central evening school to deceive their parents, will be able to do so no longer. Principal Merwin has devised a plan by which such truant work will be avoided in the future.

The patrons of the school will hereafter receive a postal giving the date of the registration of the pupils. Any one not receiving a postal should notify the principal.

This scheme will at once detect whether or not all the lads who profess to be attending the school are doing so, in reality. It will doubtless also add to the attendance at the school over which Professor Merwin presides.

PREPARING FOR TYPOS.

The State Convention of Printers Will Be a Big Affair.

Arrangements for the convention of the California State Typographical Union are being completed in a very satisfactory manner.

The grand ball to be given on the evening of the 12th at Masonic Temple promises to be a very fine affair.

The music will be of excellent quality, furnished by Bangle's professional orchestra. The ball is given by the members of the local union.

The other social features, the banquet on Friday night, the outing at Leona Heights on Saturday morning, and the theater party in the evening, will furnish a pleasant change from the business and discussions during the day.

Some very excellent papers have been promised by the visiting delegates.

The committee on arrangements feels confident of a very successful convention.

The Wigwam Dedication.

The new wigwam of Comanche Tribe at Elmhurst was dedicated this afternoon by the Grand Council of the Improved Order of Red Men, now in session in San Francisco. The ceremony was very impressive. The visiting delegates attended in a body.

Woman's Exchange.

The Woman's Exchange held its regular monthly meeting yesterday at its rooms on Twelfth street. A more central location is being sought for, but has not yet been decided upon.

The next tea for the benefit of the Exchange will be held at the home of Mrs. C. W. Randall at Piedmont, some time in September.

Deafness Cannot Be Cured.

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

"Good Advertising

is printing something in some form or other that will get people to visit your store. That is the beginning of good advertising, but it is really the smallest part of it. Good advertising is treating customers right after you get them—giving them absolute satisfaction—bending every human energy to please them—accepting no pay from them until they feel right down in their very bones that they have got the worth of their money."
—*The Ad Book.*

That is the way we treat everybody who trades with us. That is why people come back to us again and again.

Closing Sale of Shirt Waists

We have made the last cuts in the prices of our Ladies' Shirt Waists and at the present markings we can hardly fail to accomplish our purpose of closing them out. We have sold more waists this season than in any two preceding, and can afford to sell at a loss the comparatively small stock that is left.

Waists that were the cheapest good ones in town at the original prices are now to be had at from a third to a half less.

NOTE—With the exception of about two dozen waists, all that will be offered at this sale are of the celebrated "Banner" brand—warranted perfect fitting and of this season's styles

Sale price, 25c—Waists that were formerly 48c and 65c.
(Of the above we have only sizes 38 to 44 in Shirt Waists, and 32 to 42 in Soft Waists.)

Sale price, 48c—Waists that were formerly 69c and 75c.

Sale price, 75c—Waists that were formerly 98c to $1.20.

Sale price, 98c—Waists that were formerly $1.45.

Sale price, $1.20—Waists that were formerly $1.75, 2.00, 2.25 and 2.40.

With the exception noted above, we have, at the beginning of the sale all sizes from 32 to 42.

FRATERNAL NEWS

Some Evidence of Returning Activity Where the Goat Capers.

POW-WOW OF THE RED MEN,

Brilliant Achievements of the Year Just Brought to a Close.

ACTIVE JUNIOR ORDER MEMBERS

A Review of the Work of the Past Twelve Months.

The principal happenings in the fraternal world during the past week as well as those which are soon to transpire will be found recorded below.

Improved Red Men.

The Great Council, Improved Order of Red Men is in session in San Francisco, and has been there for the past two days. There are seventy-eight delegates from thirty-eight tribes in attendance and all of these will pay a signal honor to Alameda County by attending in a body and dedicating the new wigwam which has just been erected by Comanche Tribe at Elmhurst.

This tribe is one of the youngest in the order. It is located in a small community but it has made excellent progress since it was instituted. It has once suffered from a fire but it has risen superior to its troubles and now puts forth all its strength in dedicating to the principles of the Redmen one of the prettiest wigwams in the State.

On Wednesday night, at the great sun session there was a rendition of the adoption and degree work by several teams from various tribes for a prize. Wednesday night there was a ball in Native Sons Hall. Tonight, the Past Sachems' Association will have a banquet in Red Men's Hall and all visiting delegates will be welcome. Of the Association there were five Past Grand Sachems and fifteen Great Chiefs present. The sessions were presided over by Jobiah Sims the Great Sachem. The success of the order during the past year has been more gratifying than that of any year in the history of the organization. Speaking on this subject the Grand Sachem said: "Of all the tribes we have visited, we have found only two or three that were a little apathetic, or the victims of ill-mastering circumstances. A vigorous and harmonious spirit pervades the Order generally, and while retrogression has marked the career of nearly all other organizations, we on this coast have grown numerically, financially and morally.

Charles T. Burgman, great chief of records, reported that on June 30th the order embraced forty-one tribes, with a total membership in the State of 3,-755. The expenditures for the year amounted to $18,454 15, of which $15,-967.15 went out in wampum for the relief of brothers and $2,385 70 for burial expenses. The assets of the organization were $92 311 76. The increase in membership during the year was 337, of which Red Jacket Tribe of Sacramento had the greatest number, adding 128 members to its roll. This entitled that Tribe to receive $100, the prize offered by the Great Council for the greatest increase.

Junior Order U. A. M.

General John A. Logan Council will hold its next regular meeting at Schimmelpfennig's Hall, East Twelfth street, between Fifteenth and Sixteenth avenues tomorrow evening.

All members are earnestly requested to be present when matters of importance will be discussed. The newly-elected officers are to be installed and an attendance from other Councils is expected so that the evening will also have a special feature.

The following interesting circular has been issued from headquarters at Denver, Colorado, under date of the 24th of July, by Joseph Powell, the National organizer:

"The twenty-ninth annual session of the National Council has recently been held in the city of Pittsburg, Pennsylvania, and the members of that body have all returned to their homes.

"Time sufficient has elapsed for serious reflection upon the reports made by the officers and the business transacted by the convention, and now we are prepared to renew the work with more cheerful hearts and with greater determination than ever before.

"The record of the past year has demonstrated to the world the fact that ours is a progressive organization, that, notwithstanding the stringency of the time, the Junior Order does not falter but preserves a solid front and an irresistable onward march; that obstacles are of little concern, and that, aside from our trinity of Graces, Virtue, Liberty, and Patriotism, our motto is 'Excelsior.'

"We do not believe that there is that patriotic citizen or member of our order whose heart does not experience emotions of joy when he beholds the following accomplishment of our noble brotherhood: The amount paid for sick and funeral benefits to December 31 1896, is about $2,500,000, the amount received by subordinate councils is about $9,000 000 the amount paid out for all purposes is about $7,500,000, and we had at the end of the term ending December 31 1896, 2257 councils, with a membership of 177,722

"The receipts for the year were $1,562,-287 28, and the amount in the treasuries of the subordinate councils at the end of the year was $1,021 516 94. The amount paid for benefits during the year was $759 860 29. No mere foundation is laid upon which to build a great superstructure.

"We have great cause for congratulation in the fact that not a single item in the category indicates a loss, but rather we enjoy handsome gains in them all. Examine the figures: Gain in councils 109; in membership, about 11,000; in receipts of subordinate councils, $284,913 71; in amount paid for sick and funeral benefits, $83,722 18; in amount in treasuries of subordinate councils, $192,210 12.

In addition to the foregoing we have established at Tiffin, Ohio what I do not hesitate to say I regard as the solid pillar of our superstructure—the National Orphans' Home. This home consists of a very large farm in a high state of cultivation and well improved, is valued at perhaps from $40,000 to $50,-000 and is free from debt with title vested in the National Council. I recently visited the home and I would do an injustice were I to fail to commend the board of trustees for their wise conduct of affairs.

Young Men's Institute.

District Deputy W. P. Martin has installed the following members of Livermore Council No. 47, Young Men's Institute: President, J. F. Silvey; first vice president, A. Hartman; second vice-president, J. Twohey; recording secretary, M. J. Callaghan; financial secretary, B. Harron; treasurer, L. May; marshal, P. Callaghan; inside sentinel, J. Kirley; outside sentinel, P. C. Carrol; executive committee W. P. Martin J. McChirkey, M. Quinn, medical examiner, Dr. Buckers; delegates to grand council: W. J. Doolan, W. Fuhr; alternates J. D. Collins, Patrick Callaghan.

AMERICAN COUNCIL.

The following programme was rendered under the auspices of American Council No. 8 Young Men's Institute at Fraternity Hall on last Monday evening before a large audience:

Opening overture by the orchestra; welcome address, President F. D. Healy; recitation, George Clarke; vocal solo, Miss Hattie Savage; specialties, Joe Healy, piano duet, Misses Georgiana; recitation, M. Byers; musical selection, Espenta Mandolin Club, Professor Frank Palmer, director.

Dancing followed under the supervision of Floor Manager John Gillick and Assistant Floor Manager Frank Kane.

The following member of American Council No. 8 were elected to attend the next grand council which is to be held at Santa Rosa on August 18th, 1897. Delegates: James Hennebery, John Connolly. Alternates, W. J. Hennessy, D. McCarthy.

NOTES.

Last Tuesday evening a district meeting of the local councils of the Young Men's Institute was held at Oakland Council's hall on Broadway.

A large attendance was present, and able addresses were delivered by several brothers.

The grand council of the Young Men's Institute of the Pacific jurisdiction will convene at Santa Rosa on August 18th.

On the Saturday following there will be a parade and general celebration to mark the close of the grand council. There are to be excursions from many points to Santa Rosa on that day.

Oakland Council No. 3 will send as representatives Brothers Hammond and Brown.

Oakland Council No. 6 proposes to have another series of the "rights" and "lefts." For that purpose teams are now being selected by the respective captains.

On Wednesday evening, September 22nd, this popular council will give an entertainment and ball at Chapman Hall on Eleventh street.

Catholic Ladies' Aid Society.

The Catholic Ladies Aid Society will hold a reception at Mrs. Lamontagne's, 481 Twenty-sixth street, Wednesday evening, August 11th, and the next meeting will be held Monday evening, August 9th, at Mrs. Quirk's, 981 Fifth avenue.

At the last meeting of the Society, Miss Lambert and Mrs. J. F. Morrill were elected delegates to attend the grand council in September, and Mrs. Jordan and Miss Gannon are the alternates.

An important session of the board of grand directors will be held in San Francisco this evening.

The grand council of the Catholic Ladies Aid Society will convene in San Francisco on Monday, September 6th, and will conclude on the following Wednesday. The proceedings will open with the celebration of high mass at St. Mary's Cathedral. The local branches of the order held a meeting last Thursday evening for the purpose of preparing a programme of entertainments for the delegates.

Scottish Clans.

The fortnightly meeting of Clan Macdonald held last Friday evening, proved one of the most interesting held for sometime. A delegation was present from Clan Fraser to co-operate with the Macdonalds for the forthcoming picnic and games at the Chutes on the 9th of September.

Mr. Eadie as financial secretary showed the splendid condition of the finances of the Clan and the Order in general. The "boy orator" was at his best and entertained the Clan in his happiest mood. Songs were sung by Messrs. Parker, Hunter, Reid and Howdenn. The usual "Auld Lank Zyne" bringing a very pleasant meeting to a close.

Friends of the Forest.

A new order, the features of which have not yet been explained, has been introduced into San Francisco, where Pioneer Council has already been established. A new council is in process of establishment in the Mission district and it is said that steps are being taken to establish a council in this city.

Foresters of America.

An advanced copy of the new ritual has been received by the grand secretary, who expects in about ten days to receive the shipment of new rituals, when they will be forwarded to the various subordinate courts.

Knights of Honor.

One week ago Ivanhoe Lodge No. 1889 Knights of Honor was consolidated with Golden State Lodge No. 2058 of this city, the work being superintended by Grand Vice-Director W. J. Thomson, who was assisted by Grand Reporter Johnstone. At the close of the exercises the joint lodge elected the following officers: W. H. Norton, P. D.; J. L. Pereau, D.; J. L. Edwards, V. D.; H. E. Long, A. D.; William M. Brown, reporter; J. W. Ward financial reporter; M. Scheeline, treasurer; J. M. Cohen, chaplain; T. F. Lewis, guide; C. J. Dukey, guardian; J. Callaghan, sentinel; trustees: B. Bernheim, J. W. Noble, and J. Callaghan. After the election, Deputy Frank Lawrence, assisted by Deputy H. R. Miller, and the grand officers, installed the new officers in their respective stations.

B'nai B'rith.

The grand president is making arrangements for visitations to lodges in various parts of the State. A number of applications for membership is being received by the local lodge of the order as well as by those in San Francisco.

F. & A. M.

There will be a called meeting of Brooklyn Lodge No. 225, F. & A. M., at East Oakland Tuesday evening, August 10th, for the purpose of conferring the third degree. Master Masons are invited to attend.

The members of Masonic Lodge of Livermore last Saturday paid a fraternal visit to Alisal Lodge at Pleasanton. The third degree was conferred upon one of the Pleasanton members, and the event was celebrated by a big banquet.

Native Daughters.

On the 2nd of next month Alameda Parlor, N. D. G. W., will celebrate the tenth anniversary of its organization.

There has been experienced some unavoidable delay in the printing of the proceedings of the last grand council.

Knights of Pythias.

Oakland Lodge No. 103 held a very pleasant session last Friday night.

While there had been no special business for the evening advertised, yet there was a large gathering of the members, and, as usual, a fair sprinkling of visitors.

Brother Redford was in waiting to be admitted by card, and was escorted by Past Chancellors Samuels and Gans to the lodge room and was introduced to the members and visitors by Chancellor Commander Bennet.

Under the head of good of the order, felicitous remarks were made by Brother F. M. Goodrick of Hanford, R. D. Holabird, Staples of Live Oak Lodge No. 17, Bush of Piedmont No. 172, Lloyd of Galt.

District Deputy Whalley being present, and pleased with the large gathering of the fraternity, availed himself of the opportunity to exemplify the unwritten work, which he did in a very proficient manner.

Past Chancellors Ferris, Samuels, Gans, and E. J. Murphy, the oratorical quartette of Oakland Lodge, then entertained the visitors and members at some length.

PIEDMONT LODGE NO. 172.

Last Monday night Piedmont Lodge conferred the Esquire rank on Payes Cohen and Clecak in a very exemplary manner.

At the session to be held next Monday night, the special business of the evening will be the conferring of the rank of knight. Sojourning members of the order, as well as those of our local lodges are cordially invited to be present at Pythian Castle, Twelfth and Franklin streets.

AMAZON LODGE.

Amazon Lodge, No. 181, at its convention held last Monday night, the Lodge initiated as page Stranger Ingersoll.

Under the head of good of the order, Brother E. D. Gans of Oakland Lodge No. 103, made some very eloquent remarks in regard to Pythianism.

A. V. O'Neill, Munce, and Curtes followed in the same strain.

Next Monday night the special business of the evening will be the conferring of the esquire and knight ranks.

Modern Trojans.

Last Thursday evening Loring Hall was filled to overflowing by the friends of Alpha Lodge No. 1, Modern Trojans, who had assembled in answer to an invitation to an entertainment and dance.

The programme was fine and was fully appreciated by those present. Supreme Vice-President J. W. Evans presided and made the opening remarks in which he said that, although the Order of Modern Trojans was the youngest of the fraternal organizations, it was destined to grow and advance until within a short time it would rank with the most prosperous and progressive of beneficial orders.

Max Lercher gave a solo on the xylophone that was finely rendered and was a fitting prelude to the entertaining programme which followed.

Miss Nina F. Thomas recited "Naughty Zell," with a spirit and expression that caused the audience to insist upon an encore.

The "Norwegian song" in costume by Miss Elwina Benson was particularly well rendered and she was forced to repeat it.

Delsarte expression by Miss Alda Casey was gracefully executed.

Miss Weber sang a couple of darkey melodies. The lady must have been deeply gratified at the evident appreciation of her audience.

Fred L. Stewart gave the address of the evening entitled the "Modern Trojans," and in well-selected language explained the plan and principles of the Order and of fraternity in such a manner as to call forth the praise of all present. He thoroughly proved his title of "The silver-tongued orator of the Modern Trojans."

Howard Atwater recited "Othello's Apology," and "Mad Hamlet's Soliloquy," with much feeling and expression.

E. C. Mueller put the audience in pleasant humor with his songs, accompanied on the banjo.

Miss Josie Butler and Miss Fannie Thomas gave selections from the Merchant of Venice, which were well received.

Miss Johnson gave a selected recitation which received well-merited applause.

The vocal duett by Miss Helene and Miss Elwina Benson was listened to with the greatest of pleasure and was one of the most enjoyable features of the programme.

After the conclusion of the programme, the hall was cleared of chairs and dancing was indulged in until a late hour.

Degree of Honor.

Ivy Lodge No. 4, Degree of Honor, A. O. U. W., had a large attendance at the meeting Wednesday evening. Under the deft hands of the fair sisters of the entertainment committee the cosy little hall was made beautiful with flowers and evergreens.

Past Chief of Honor Sister Sturrock and Brother Imes, the champions of the beneficiary certificate, spoke earnestly and eloquently upon the advantages of acting upon their advice in at once taking out a beneficiary certificate.

Several of those present were convinced by the arguments and gave in their names to the recorder for applications for the beneficiary.

Sister Sturrock also advocated the advisability of visiting the parent order in the interest of getting members for the Degree of Honor.

By a unanimous vote of the lodge, it was decided to act upon the suggestion of the zealous sister.

The set of resolutions of condolence to Brother Mosbacher was read and ordered placed on the minutes of the meeting and a copy will be sent to the bereaved brother.

Brother Danfurth, grand lecturer of the A. O. U. W., rejoined the lodge last evening, and his eloquent advice upon several fraternal topics was loudly applauded.

Sister Marguerite Cakes, chairman of the committee on entertainment and ball which is to take place at Chapman Hall Wednesday evening, August 18th, stated that the programme being prepared would eclipse all former efforts of Ivy Lodge in that line.

Brother Isaacs, secretary and treasurer of the committee announced that tickets were going off very fast.

After the Lodge had adjourned, the social committee presented an excellent programme, the first number of which was a dramatic sketch entitled, "March Winds," participated in by Sisters Carr, Devers and Brother Strasberg, which was greatly enjoyed by all.

Sister Marks sang two very pretty songs, and Sisters Ourtes, Levy, Carr, Devers, Gartner, Imes, and Brothers Lissner, Imes, and Strasberg sang "On the Swanee River" and "Home, Sweet Home" very sweetly. Next Wednesday evening the drill team will initiate several new members. It is therefore especially desired that all the membership be present. The banquet which concluded the entertainment was a most delightful affair.

United Workmen.

Oak Leaf Lodge No. 25, A. O. U. W., initiated Monday evening two members into the Junior Workman degree, and one member into the Workman degree. The drill team under the supervision of Past Master Workman Cogan, performed the necessary duties with its customary efficiency. Two applications for membership were received. The chairman of the entertainment committee stated that a very artistic musical and literary programme was being prepared for the "smoker" which takes place on Monday evening, August 16th. Members of the order are cordially invited. Invitations to the public can be procured from members of Oak Leaf Lodge. Brother Cogan gave a very interesting description of a trip to Milpitas which he took last week and of the flourishing condition of Alviso Lodge of Milpitas which had an attendance of three-quarters of its total membership on the evening of his visit.

The visitation committee unanimously decided to recommence visiting of the several lodges in the interests of fraternity, as of yore.

It was announced that nearly 600 members had joined the order in California during the month of July.

A delegation of the visitation committee will visit Pacific Lodge next Thursday evening.

A COMBINATION OF DISTILLERS.

Premiums Are Offered to Those Who Keep Down the Output.

By Associated Press to The Tribune.

CHICAGO, Aug. 5.—According to a story in the Times-Herald this morning, the efforts of leading distillers and distributers to form a combination to control the production and prices of spirits have at last been successful. The final details of the plan of agreement, it is said, have just been decided upon, though frequent meetings have been held, mainly in Chicago, New York and Cincinnati, during the last six months.

The combination is on the percentage allotment plan, with special rules, regulations and forfeitures imposed upon distributors. Each distiller producing more than his percentage allotment pays monthly into the pool a certain sum on the surplus. Each distiller producing less than his allotment draws out a similar sum for each gallon short of the allotment.

The executive and arbitration committees include in their membership every important interest in the country and will control the new association.

CLARA MAY LIVE AND CHARLES MAY DIE.

Condition of the Principals in the Recent Tragedy in Alameda.

No Attempt Yet Made to Extract the Bullet From the Wounded Woman.

Clara Fallmer, the would-be suicide, who shot herself in Alameda last Monday night, is still in the Receiving Hospital, though in a much more hopeful condition than she was yesterday.

There is less of the rapid gate in her pulse, her temperature has decreased and is further removed from the fever stage. The expectoration of blood has to a large degree ceased, and as a whole the patient seems to have taken a turn toward recovery.

Dr. Stratton, however, is not yet sanguine of her recovery. A relapse may take place which may be attended with fatal consequences. The wound made by the bullet extends through the left lung and one of the bronchial tubes. The bullet entered between the first and second rib then penetrated the organs mentioned and finally lodged under the left shoulder blade, from which place Dr. Stratton has not as yet seen fit to remove it, fearing the shock which would be the result to the patient. The girl does not seem to suffer pain, and is bright and conscious of everything which transpires around her. She refuses, however, to talk concerning the shooting.

Charles Ladue, the young man whom she shot, is said to be near to death's door at his home in Alameda.

She is not able to speak except in whispers, and when she does speak, she declines to converse on the subject of the attempted suicide and murder.

A great deal of interest has been manifested to ascertain what other persons, if any, were mixed up in the crime. There has been a growing feeling that the act of the young woman was not without the prompting or at least the tacit encouragement of some third party. For the purpose of ascertaining what foundation there was for this theory certain persons in Alameda to-day endeavored to ascertain from the girl from whom she had received the gun with which she shot herself and young Ladue.

The young woman, however, refused positively to tell when, where, or from whom she had received the weapon, or what reason she had given for accepting it. In refusing to shed light on the subject, the girl acted as if to do otherwise would cause some other person's motives to be questioned in the transaction.

The favorite, Miss Fallmer's sister, who is a maid in the Kohn building in this city, was sick and was unable to call upon the patient. She sent a letter, however, by a friend. The letter was received by Stewart Tolan, who denied the messenger a chance to see the wounded girl. Clara read the letter and then told the attendant to tell the messenger that she (Clara) had nothing to say on the subject, and that she was feeling much better. What the subject was which the girl's sister discussed in the letter is unknown, because the wounded girl concealed it with a great deal of care.

The condition of Ladue, according to reports from Alameda, continues to become critical as the time advances. He is paralyzed as to the lower limbs. He also refuses to speak on the subject of the shooting and in this respect he is vigilantly aided by his mother.

The information he has on the subject is not only kept from strangers, but it is even denied to the officers of the law. Assistant District Attorney Church has visited Ladue's residence twice with a view to getting his ante-mortem statement, but in each instance Mrs. Ladue, the mother of the young man, refused to allow him to see her son.

Mr. Church says that he can do nothing more in the premises and that he will make no further attempt to secure a statement until he is assured that his services are in demand.

A Kentucky Colony.

P. Fry of this city has associated himself with J. M. Ringo and Edward Stevens of Louisville, Ky, and has now secured control of the Playtoo rancho, consisting of 800 acres of arable land, situated in Monterey County. They will subdivide the rancho into small farms for the benefit of about 100 colonists from Kentucky, who will leave with their families for California immediately.

Has Changed Hands.

The Melrose race track, which has been for some time the property of Colonel P. A. Finnegan of San Rafael, has been sold to a man named Lang, by M. F. Cochrane, Finnegan's assignee. The track brought $3,080. It was encumbered by a mortgage of $3,000.

Some of California's early race records were made on the Melrose track.

Tuberculous Cows

The inspectors of the Board of Health after testing the cows of the Dutton & Wright dairy at Alvarado, found that out of fifty-nine cows, twenty were affected with tuberculosis. The inspection of the cows of the Humboldt dairy, near the old Soldiers' Home, was begun yesterday, and will be completed in a few days. There are thirty cows at the dairy.

ADVERTISEMENTS.

DR. TOM SHE BIN.

CHINESE TEA AND HERB Sanitarium. For over 300 years my family have been renowned for the most famous doctors in China.

Tom She Bin has in his possession hundreds of testimonials of those who suffered from chronic diseases and who were cured under the established method in constant use in China for over 5,000 years.

All diseases described from the pulse without asking a question.

There are 600 different kinds of herbs that cure 400 kinds of diseases. All persons afflicted with any kind of malady whatsoever invited to call. 615 Kearny st., bet. Sacramento and Commercial sts., San Francisco, Cal., U. S. A.

Dr. Tom She Bin sells Chinese herbs and tea. Sanitarium. Price by week or month. Take herbs once a day, a big ten-ounce bowl, or one package of herbs, seven packages a week. Price, six dollars a week. Two times each day, two ten-ounce bowls, or two packages of herbs. Price, ten dollars a week.

The undersigned, after seven years' suffering, without being able to obtain any relief, resolved to see Dr. Wong, but I did not obtain any help. I then determined to see Dr. Tom She Bin, and in three months I was completely cured. I commenced feeling better soon after commencing his treatment, and I was all cured.

MRS. JENNIE SAUNFERS,
1016 West 7th st., Los Angeles, Cal.

This is to certify that Dr. Tom She Bin has cured me of that dreadful disease known as heart disease, and also of weak lungs. I do make this deposition for the especial benefit of those suffering similar ailments. I must say that I was treated by the best doctor in Chicago, and after I lost all hopes I concluded to come to San Francisco for a change of climate, and immediately I heard of the wonderful cures of Dr. Tom She Bin, so I consulted him, with such good luck that after one month and a half from the time he started to treat my case I felt entirely well.

MRS. E. FRENCK,
409 Thomas Street, Chicago, Ill.

I, the undersigned, do recommend Dr. Tom She Bin as one of the best doctors to cure rheumatism having been suffering for three years, and also been under the treatment of six skillful doctors for four months without feeling any relief. I determined to set myself under the care of Dr. Tom She Bin, who gave me immediate relief, and in the course of five weeks I was enjoying good health.

PANFILO MURILLO,
Pomona, California.

My son, nine years of age, utterly prostrated with typhoid fever for six weeks, he was under the explicit care of hospital doctors, but without avail. All his body was declared incurable. I heard the name of Doctor Tom She Bin, and at once was induced to see him, and I left my son to his absolute care. Fifteen days after my son was able to play around the yard. I fully believe Doctor Tom She Bin saved my son's life.

CARRIE CONTRERAS.
630 Mission Road, Los Angeles, Cal.

San Francisco, February 14th, 1897.

The undersigned does hereby recommend Dr. Tom She Bin as the only competent doctor. He has cured me entirely from throat disease, which many doctors declared incurable.

J. A. OWENS,
Euclid Block, N. Los Angeles, Cal.

San Francisco, January 31st, 1897.

I, John A. Fain, do hereby certify that I suffered with piles for over twelve years. Dr. Tom She Bin cured me in very short time.

San Francisco, February 26th, 1897.

I have been suffering under the most dreadful disease for two years past and lost all hopes of recovering, being unable to move for four months. At last I concluded to take Dr. Tom She Bin's Wonderful Chinese herbs, and in six weeks after my health was completely restored.

J. E. MEDRAN,
756 Workmain St., East Los Angeles, Cal.

Montenzou, Cal., March 1st, 1897.

I write this letter for the benefit of any one who may be in trouble, as I have been. About fourteen years ago I was taken sick. The doctors pronounced it ulceration of the stomach and said it would end in a cancer.

At times I would vomit a black and bloody looking matter, also a great deal of white mucus. The disease would make me very nervous and despondent. At different times during my ailment I would get some relief for a few months, then it would come back as bad or worse than ever. I doctored with several as good doctors as I could find in the East and also here in California, but none of them effected a cure.

I was advised to consult Dr. Tom She Bin, which I did about the 1st of October, 1892.

He said my trouble was the cancer of the stomach. I commenced taking his medicine immediately. For the first three or four months there seemed to be but a very little change. After that time I improved very fast and am now able to do quite a good day's work. I have every reason to believe he has effected a permanent cure for me.

J. L. CARPENTER.

San Francisco, March 2, 1897.

I saw Dr. Tom She Bin's advertisement. I first come up to 615 Kearny street to feel my pulse. He tell me what trouble, I had, was true. I had a pain over my body, and chilly. I put my case to him; first week I take Chinese Herb; one week I was great deal better. I been sick for six years. I go to white physician, cannot do me any good. I take Dr. Tom She Bin's Herbs six week; I was all well. I was cured about one year and never pain again.

MRS. J. SANGALL,
17 Lafayette Place, between Green and Union, Kearny and Dupont, San Francisco, Cal.

San Francisco, March 4th, 1897.

By these presents I do hereby recommend Dr. Tom She Bin as a successful doctor to cure the dreadful disease styled consumption, so common among all classes. He has restored my health in the short term of twenty days, for the trifling amount of $7.50 per day.

Signed, L. C. FLORES,
608 Upper Main St., Los Angeles, Cal.

San Francisco, March 5, 1897.

This is to certify that I have taken treatment from Dr. Tom She Bin for stomach trouble and was cured in four weeks.

W. J. MORRISON,
1412½ Baker St., San Francisco, Cal.

San Francisco, March 6, 1897.

This is to certify that I have been entirely cured of stomach trouble by Dr. Tom She Bin in two months. I had tried several American physicians and they had failed to cure me.

MABEL BARBARER,
Milpitas, San Jose, Cal.

I have taken treatment for my kidneys, that have bothered me for a long while, and also catarrh of the stomach, and also chronic diarrhoea, and was cured in two weeks by Dr. Tom She Bin, also blood poison in my thumb.

WM. E. BRYAN,
No. 6 Martha place, San Francisco.

San Francisco, March 6, 1897.

I had gravel and kidney trouble four years. My friends sent me to Dr. Tom She Bin. He felt my pulse, and he told me what trouble I had. I put my case in his hands, and took herbs twice a day. In four weeks my troubles were all cured. Now my flesh is all good. The last three or four years I went to white doctors, but never did me any good. Now I have got well and am in good health.

JENS J. JENSEN,
2134 Clara St., San Francisco, Cal.

Geo. Osgoodby, author of the world-famous Murchison letter to Lord Sackville West, the English Embassador, in 1888, writes concerning Dr. Tom She Bin, now selling Chinese Teas and Herbs at the Sanitarium, 615 Kearny street, San Francisco, Cal., and says:

Pomona, Los Angeles Co., Cal.,
March 7, 1897.

For the benefit of those who are suffering with chronic diseases, I will say that many years of severe suffering and futile treatment ended in Bright's disease of the kidneys, of which Dr. Tom She Bin completely cured me, after correctly and minutely describing my malady from the pulse, without asking a question. He is a medical marvel, and without a peer in his profession. Respectfully,

GEO. OSGOODBY.

San Francisco, March 13th, 1897.

I wish to give my testimony in behalf of Dr. Tom She Bin. It is about two months ago that I fell sick with influenza, being unable to procure no other help than that of domestic remedies. I fell worse and worse, until I was totally paralyzed. I was induced to consult Tom She Bin, and he, by the aid of his wonderful Chinese herbs. I felt somewhat relieved in twenty-four hours, and he agreed to treat me for the sum of two hundred dollars, and now I feel grateful to the doctor for his efforts. Very truly,

HILARIO PRECIADO,
Los Angeles, Cal.

This is to certify that Dr. Tom She Bin cured me of kidney trouble and stricture. Was sick for some time, but found no relief until I tried this doctor. He entirely cured me, and I have not been troubled since.

TO BUILD A ROAD THROUGH THE HILLS.

The Tunnel Project Discussed by the Members of the Committee.

County Surveyor Nusbaumer Will Survey a Proposed Route.

The Joint Committee from the Board of Trade and the Merchants Exchange in charge of the building of the tunnel through the Contra Costa hills met last evening. Chairman Edson Adams, Messrs. Theodore Gier, William Moller J. F. W. Sohst, E. E. Bunce, Ex-Supervisor Johnston, and County Surveyor Nusbaumer were present.

Mr. Johnston reported that Miss Chabot had expressed her willingness to allow the road to go across her property provided that it was on the old route. He also stated that Victor Metcalf had made out the deed for the road property and it was now ready to be signed.

E. E. Bunce said that he had received a letter from E. J. Coleman in which Mr. Coleman said that Russell J. Wilson was co-partner with him in the ownership of the property along the Kennedy grade and that if the committee would advise him concerning what was desired, he would endeavor to meet its wishes.

Mr. Bunce further stated that he believed Mr. Coleman would give a money donation for the construction of the road.

Messrs. Bunce and Johnston constituted the committee on investigating the wishes of the property owners.

Their joint report was accepted and they were asked to continue acting on the committee and to communicate further with the owners.

Theodore Gier as chairman of the finance committee, asked for further time before reporting as he had not arranged the subscription list as yet. Further time was granted as requested.

Chairman Adams then called upon County Surveyor Nusbaumer in regard to a new road that had been discussed. The proposed route leaves the present road at the first turn and would strike directly across to the opening of the tunnel going below the old fish ranch.

"I believe that your committee ought to go right ahead and plan your tunnel," said Nusbaumer, "I'll survey the various proposed roads and report and you can then decide.

"Now I would like a little information concerning the width of that tunnel," said Mr. Gier. "I was talking with two farmers from Contra Costa County today and they said that it wouldn't be wide enough to permit the passage of two loads of hay. They also declared that in a tunnel 1,000 feet long, the driver could not see far enough ahead in the darkness to see a team approach."

"The tunnell will be wide and light enough," declared Nusbaumer.

"There won't be two loads of hay going opposite ways," cheerily remarked Sohst "They will all be coming to Oakland."

In discussing the matter further, Mr. Bunce said that he believed Mr. Coleman of San Francisco was talking about spending $3,000 for opening a road to the quarry.

The business of the meeting was brought to a head by Theodore Gier who moved that the County Surveyor make a report on the various roads to Chairman Adams who would then call a meeting.

Sohst amended, ordering all committees including those on finance and real estate, to make reports at that time.

Mr. Johnston agreed to report in regard to the right of way through the Quinn ranch and Mr. Gier to report on the finance question. The motion as amended prevailed by a unanimous vote

The meeting then adjourned.

FIRE BUGS THWARTED BY A YOUNG WOMAN.

Miss Clara Walpert Saves a Brewery at Haywards From Being Destroyed.

To Miss Clara Walpert of Haywards is due the credit for saving the Lyons brewery of that town from being burned to the ground early yesterday morning. The lady, whose home is just across the street from the brewery, saw the reflection of the flames on her window and hurried to the scene.

A stack of rubbish soaked with tar and coal oil was blazing and Miss Walpert fought it with dirt, while she screamed for help which quickly came.

After daylight an inspection of the premises was made, and it was discovered that all around the building for a height of several feet tar and coal oil had been liberally thrown, and in three or four different places sacks of saturated waste were placed. It is very probable that within a few minutes of Miss Walpert's discovery all the sacks would have been fired and the flames have made great headway before help could have arrived. The rapid appearance of the lady evidently upset the plans, for no one was seen and no clew to the incendiary has yet been found.

To Stop Train Jumping.

The police have done a great deal toward stopping train jumping by youths on the broad gauge line and have now turned their attention to the narrow gauge. Last evening Leon Hunt, aged twelve years, was engaged in the dangerous practice and he was arrested by Officer William Moore. He was released on $5 bail furnished by his father.

THE EXPOSITION WAS RUN AT A LOSS.

The Directors Are at Least $500 Short in Their Accounts.

The Expenses of Music, Awards and Management Were Large.

The Exposition Directors find themselves at least $500 short. The amount will have to be made up out of the pockets of the Directors.

The Directors met last evening and thoroughly investigate the state of the Exposition finances. Messrs. Gier, Keller, Sharp, Spear, Buswell, Trowbridge and Roeth were present.

There is about $700 in bills against the company and the Directors believe that they will be $500 out, although there is a possibility that the total sum will aggregate a larger amount.

The partial report as presented by the Secretary last evening, was as follows:

Concessions	$ 835 00
Tickets	4602 70
	$5437 70
Expenses—	
General expenses	$ 501 34
Management	1015 50
Music	2019 80
Labor	530 70
Donations	3 15
Office fixtures	4 00
Rent	32 75
	$4107 24

To the total expenses must be added about $1,500 for the addition to the tabernacle building, a gas bill of about $460, and other items such as art awards.

The Directors will meet next Monday evening at 7:30 o'clock, at which time a full and approved statement of the finances will be rendered.

THE TRIBUNE'S TELEGRAPHIC SERVICE BRINGS THE NEWS FROM ALL OVER THE GLOBE.

The woman who wears an armor of good health protects herself against almost all the ordinary ills and troubles that beset her sex. The woman who takes proper care of the health of her womanly-self, who is careful that the organs that constitute womanhood are always well and strong, will be happy in her wifehood and capable in her motherhood.

The best and most-used of all medicines for women is Dr. Pierce's Favorite Prescription. It acts directly upon the delicate feminine organism. It makes it strong and healthy. It cures all weakness and disease. It prepares a woman for her greatest mission, motherhood. It does away with the usual discomforts of the expectant period. It insures the health of baby and makes its advent easy and almost painless. Over 90,000 women have testified to its wonderful virtues. More of it is sold than of all other medicines for this purpose combined. Women who want to know more about it should write to its discoverer, Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y.

"The best doctors in Kansas City told me that unless I went to the hospital and had an operation performed I could not live," writes Miss Broohie Galloway, of Wilder, Johnson Co., Kans. "I had ulceration and weakness, and each month I would get down in bed and suffer severely for twenty-four hours. I could not keep anything on my stomach for five minutes at a time. I have taken four bottles of your 'Favorite Prescription' and am now well. I owe it all to your medicine. I can cheerfully recommend it to any suffering as I did."

Dr. Pierce's Pleasant Pellets are a safe, sure, speedy and permanent cure for constipation. They never gripe. One is a gentle laxative, and two a mild cathartic. All medicine dealers.

ATHOL AVENUE OPENING.

NOTICE OF SALE.

DELINQUENT LIST.

Office of Superintendent of Streets, Oakland, California, July 30th, 1897.

Public notice is hereby given that default having been made in the payment of the several amounts due upon the property hereinafter described and assessed thereon for the costs and expenses for opening and widening Athol avenue, in the City of Oakland from the eastern line of Newton avenue to the northwestern line of Watson avenue, as per report of Commissioners filed with the Clerk of the City Council of said City of Oakland on the 4th day of May, A. D., 1897 and finally confirmed, approved and adopted by the City Council of said city at a meeting thereof held on the 14th day of June, A. D., 1897.

Now, therefore, I, M. K. Miller, Superintendent of Streets of the said City of Oakland, will on Tuesday, the 24th day of August, A. D., 1897, at the hour of 10 o'clock A. M., at my office, being in the City Hall of said city, commence to sell said property at public auction unless the assessments delinquent, together with the costs of advertising at the rate of fifty cents per each lot, piece or parcel of land separately assessed and advertised as delinquent and percentages are paid, and that I will continue such sale until the whole property set forth hereinafter, or so much thereof as may be necessary, shall be sold; and that I will sell the smallest quantity of each lot, piece or parcel of said property that will be taken by any person for the amount of the assessments percentages and said cost of advertising remaining due and unpaid thereon, together with the sum of fifty cents provided by law for the certificate of sale.

NOTICE: The numbers in the first column denote the several lots, pieces or parcels of land designated by the corresponding numbers upon that certain plat entitled "Map Showing the Land to be Taken for the Opening and Widening of Athol Avenue from the Eastern Line of Newton Avenue to the Northwestern Line of Watson Avenue, also the Lands to be Assessed for said Improvement" filed on the 25th day of June, A. D., 1897, in the office of the Recorder of said County of Alameda, and is the descriptive number of each lot, piece or parcel of land.

The names following the said numbers are the names of the persons designated in the said report as owners of the respective parcels of land designated by and referred to by the descriptive numbers thereof, which said names follow respectively and the numbers following such names denote the amount of the corresponding assessments including five per cent added for delinquency and fifty cents cost of advertising.

WEYLER A FAILURE

Goaded by Public Opinion He at Length Goes to the Front.

INSURGENTS ON EVERY SIDE.

The Spaniards Seem Unable to Cope With the Patriots.

CROWDING AROUND HAVANA.

Brutality of the Royal Troops After a Brush With the Enemy.

By Associated Press to The Tribune

NEW YORK, Aug. 5—A [illegible] Herald from Havana says

It [illegible] departure for Matanzas [illegible] direct from [illegible] front [illegible] tions to [illegible] the [illegible]

parture in order to mature a plan to entrap General Castillo. The Captain General is severely criticised here for not having taken the field earlier. For three weeks new bands of insurgents have been swarming into Matanzas and even Havana. They have raided small towns and made demonstrations before Havana. They have landed expeditions and had time to organize. Yet General Weyler contented himself with remaining on the defensive and only retaliating on the insurgents by issuing decrees that considerably aggravated the sufferings of the unfortunate reconcentrados. It was only when the insurgent boldly attacked the suburbs of Havana that public opinion forced him to go.

Public opinion with regard to General Weyler's policy is beginning to manifest itself. Business is at a standstill and the merchants throw the blame upon the government. They say General Weyler's edicts practically restrict them from doing business with the interior. The wholesale arrests that have lately been made and the terror of the people on the outskirts of the city help to swell the feeling of uneasiness and discontent with the way the campaign is being carried on.

According to the insurgent proclamations General Gomez is due in Matanzas about the time General Weyler will arrive there. The chances are that there will be heavy fighting. There is a possibility [illegible] that Weyler's and Gomez's [illegible] [illegible] the railway line in Matanzas, the Santa Clara during the last week but they attacked several towns garrisoned by Spanish troops. On July [illegible] a large band [illegible] everything [illegible] They [illegible] and burned [illegible] when they retired drove away with them a big herd of cattle. [illegible] Spanish [illegible] of the town [illegible] shut himself up in a [illegible] [illegible] without ex[illegible] themselves.

Thirty-six hours after the insurgent had left the town a column of troops started in pursuit.

Encrucijada has a population of about 6,000 and is situated on the railroad line.

The insurgents entered Esperanza, a railroad town of 3,000 persons. There they met with some resistance and there was considerable fighting in the streets. According to official accounts the insurgents left twenty killed when they finally retired. The commander of the town was seriously wounded. He admits that the insurgents robbed several stores. Bolondron, another small town, about eight leagues from Matanzas, was also raided and many stores and buildings were destroyed.

In Havana province on Sunday last, the insurgents attacked Santiago de Las Vegas, five leagues from the capitol. A band was playing in the park at the time and most of the citizens were out promenading. A panic was threatened but the Spanish officers kept their heads and took prompt steps to repel the insurgents. There was a brisk firing in the streets for a time, but eventually the insurgents were forced to retreat. Several on both sides were killed. The insurgents remained close up enough all night to keep a fire on the forts.

Four hundred insurgents under General Castillo attacked [illegible] Chorrera, a town three miles nearer Havana, on the same night. Castillo was not able to enter the town, but kept up a fire on the forts all night. He also used dynamite with great effect, throwing bombs into the town and destroying several public buildings. Three bombs were fired from dynamite guns, which were landed by a recent expedition.

The Spaniards did not venture out of the town. The authorities determined on the following morning to be revenged on some one and arrested the family of Mo[illegible] Y [illegible] because the daughter of the house was the fiancee of Castillo's late chief of staff. Mr. and Mrs. Morales, their daughter and two other children were taken outside the town, ordered to kneel down and were fired upon by a squad of Spanish soldiers. Morales, his wife and one child were killed at the first volley. The daughter and her 7 year old brother were wounded and left on the ground. They will die. Several families have moved from the town.

Advices from Pinar del Rio state that the insurgents are becoming active in the province. In consequence of recent raids General Weyler has ordered that military lines around Havana be tightened and that all cultivated and properties about the lines be at once destroyed.

ANOTHER SCHLATTER NOW APPEARS.

Cases in Which Alleged Cures Are Said to Have Taken Place.

By Associated Press to The Tribune.

CANTON (O.) Aug. 5—A man who says he is the original Schlatter has been creating great excitement here. T. C. Snyder, formerly a State Senator, while walking about the streets, was injured twelve years ago, so that he has not walked without a crutch or cane since that time.

Without solicitation from anyone Mr. Snyder visited Schlatter. He has now laid aside his crutch and the cane. His recovery is the talk of the city and Mr. Snyder is jubilant over the aid that has been given him.

Another alleged cure is that of John Krause. He had a leg broken and the member when healed would not allow him to walk without aid. After Schlatter had treated him he was enabled to get up and walk.

Lights for the Annex

City Electrician Carleton will furnish the annexed district with lights as soon as possible. He had already put in four of the lights and the citizens in the vicinity have expressed great satisfaction of the result.

MANY MORE TURN TOWARD THE EL DORADO

Oaklanders Will Go North by a Steamer Leaving Saturday.

A Big Vessel at Long Wharf May Probably Be Fitted Out for Peru.

The reports from the Clondyke that snow is already falling in the Chilcoot Pass do not seem to dampen the ardor of gold seekers in this city. Singly and in small parties people are still going North and each day adds to the number who are willing to risk all for the yellow metal.

Eugene Trefetew and Robert Chestnut, both students of the University will leave for Dawson Saturday and Dr. J. T. Farr has quit his dental business, packed up and is ready to leave in a couple of days.

Several barges are being built on the estuary and three schooners are also being prepared for a voyage North but they will probably not attempt to reach the Yukon before the opening of spring.

At Oakland Pier the steamer Lancing is moored and in a few days will probably cast off for Peru. There are many who are anxious to go and seek for the gold of the Incas but as yet nothing definite is known.

Captain Hatfield said yesterday:

"As soon as our coal cargo has been discharged the Lancing will go on Hunters Point drydock and will receive thorough overhauling. She will be scraped and painted throughout and if necessary accommodations for at least 1,000 people can be provided. I am receiving letters daily from people who want to look over the ship but have refused every one of them permission. What could they see with the between decks crowded with over three thousand tons of coal?"

In the old days the Lancing carried over fifteen hundred passengers every trip but she was never as deeply laden as she is now.

"Now in regard to this voyage to the Peruvian gold fields Ross & Company have so arranged it that when the prospectors have reached the port of entry they will have a home to return to within any reasonable time. They will be carried to Peru for a fixed sum and the ship will be in port awaiting their return for at least ninety days. That will give them a chance to test the mines and if they do well all right. If they fail we will bring them home again.

"A week from now you will see the Lancing on the berth for Peru. Why yesterday I was offered 23s 9d to carry wheat from here to Europe and laughed at the offer. I have more request for passage from people who are anxious to seek for the gold of the Incas at present in my pocket that would make these figures look pale when placed in comparison."

NO INSURANCE FOR CLONDYKE.

The New Game of Co-Operative Companies Fails to Work

By Associated Press to The Tribune

INDIANAPOLIS, Aug. 5—The determination of the leading life insurance companies to carry no risks on Clondyke explorers has fallen with dampening effect on the co-operative companies which were forming in this city and upon a number of men who are preparing to start for Alaska during the coming winter. One of these companies sending ten representatives each insured for $10,000 giving each man $1,000 besides money for contingent expenses, all of them to co-operate in the search for gold, dividing equally with the company and in case of death the insurance money to be paid to the company. By such death the company stood to win $[illegible]00 on the last, that no more than $1,000 would be spent on each representative.

Another company simply designed carrying sufficient insurance to reimburse for actual outlay. It is not thought that any of these companies will proceed further with the organization.

TIRED OF WAITING FOR THEIR MONEY.

Creditors of the Bernal Estate Are Not Satisfied With the Executors.

William Day, S. Thurman, H. Abbott, J. L. Wellhye, the Bank of Livermore, Chadbourne Warehouse Co., W. A. [illegible] and Hiram Bailey have tired of waiting to be paid claims against the estate of Alagracia H. Bernal and have brought suit to ascertain why their bills are not paid by the executors of the will, Augustin W. Bernal and Vicente J. Bernal.

They show that Alagracia Bernal died on the 3d of April, 1893, and that since that time they have waited in vain for their money. They also assert that the executors of the deceased are disposing of a large amount of the [illegible] of the estate and have [illegible] allowed a large amount of the personal property to deteriorate in value and further that they have taken no steps to apply the proceeds of the sale towards the payment of [illegible] claims. It is charged further that the executors are negligent in the estate and not faithfully performing the duties of their office.

ANOTHER STRIKE

Lightning Scatters a Group of Miners Camped Under a Tree.

MILITIA MAY BE CALLED OUT.

Strikers on the March Meeting With Much Practical Sympathy.

MORE MEN ARE LEAVING WORK.

Within a Week It Is Expected all Mines Will Be Closed.

By Associated Press to The Tribune.

PITTSBURG, Aug. 5.—Consternation was caused in the miners camp last evening by a terrific wind and electrical storm which passed over the Turtle Creek Valley, doing great damage. At Sandy Creek, a tree in the yard of the Jefferson school house, under which was a group of striking miners, was struck by a bolt and shattered into match wood splinters.

Henry Coffie and Geo. Sedgwick were shocked into insensibility and their condition is critical. Six others were also shocked. The occurrence caused the wildest excitement among the striking miners. The storm came upon them without warning and there was a wild scurry for shelter, of which there was none except that afforded by their small tents and trees.

When the storm came up, many of the strikers took refuge in DeArmitt's stables where the deputies are quartered. They were not discovered until the storm had passed and they were immediately ordered away.

The strikers are jubilant over their success at DeArmitt's mines. The total output yesterday was eighteen cars.

Colonel A. E. McCandless, surgeon in chief of the Pennsylvania National Guard and Colonel A. J. Logan, quartermaster general ,were in Turtle Creek today. It is said that they were looking for a suitable site for a camp in case the troops should be called out.

Colonel McCandless refused to affirm or deny that he was in the district in connection with the inquiries being made by the Governor. At present there is absolutely no need of troops.

President Dolan has announced that the next demonstration at Camp Determination will take place Saturday evening. It will be a record breaker. All of the steel workers from Homestead and Braddock will be present. Plans are being matured for the strikers to march to Braddock and there meet the visiting contingent with their bands and march back, gathering up recruits all along the route. In this way they expect to bring in an enormous crowd. At least 4,000 are expected from the two towns on the Monongahela.

By the first of next week, when the strike leaders say they expect to have all the New York and Cleveland Company's mines closed tight, the strikers at Turtle Creek, Plum Creek and Sandy Creek will move on into the Westmoreland field and locate camps at the different mines there. All of the Westmoreland mines are running and it is to stop the putting of coal into the Pittsburg market from there that the move is contemplated.

The manager of the Westmoreland Coal Co. states that the strikers will be treated as trespassers. The Pennsylvania Gas Coal Co. will pursue the same tactics.

There is an agreement between DeArmitt and the Westmoreland Co. and the former ships west only, the latter east.

If the strikers are successful in causing a suspension at the Westmoreland mines, the march to the Central Pennsylvania will be taken up. The miners in this district are in sympathy with the movement and a convention of the Clearfield and Jefferson county miners was held yesterday. The strike leaders were requested to give some attention to Central Pennsylvania with a view to holding a general convention of all miners shipping coal to the eastern seaboard.

EASTERN MINERS ARE BESET BY HUNGER.

In West Virginia the Strikers Are Meeting With Many Reverses.

By Associated Press to The Tribune.

WHEELING, W. Va., Aug. 5.—At Fairmont the tie-up promised by Organizer Rae has not materialized and aside from a few men at Clarksburg, there are no additions to the strikers. In Kanawha Valley all but one mine are working. On the Norfolk and Western, the strike has entirely disappeared.

Miners' day is being celebrated by laboring people generally in Wheeling and vicinity. The Eastern miners are getting hungry and have soliciting committees out with wagons. The people are contributing liberally and Secretary Lewis thinks they can hold out another month at least.

CLEVELAND MILLS ARE FAST RE-OPENING

They May be Forced to Close if They Cannot Secure Enough Coal.

By Associated Press to The Tribune.

CLEVELAND, O., Aug. 5.—Cleveland Coal men are viewing the coal strike situation with much apprehension. They are deeply interested in the mass meeting to be held in the Clearfield district in Pennsylvania, which the strike has not yet reached. Advices in Cleveland are to the effect that De Armitt's mines are paralyzed and the feeling here is that there may be an absolute tie-up. Resumption of work by several of Cleveland's large manufactories will increase the demand for coal in this city and much alarm is felt. The Cleveland Rolling Mill and the Union Rolling Mill, which have resumed, are using 600 tons of coal per day.

MINERS MEET TO DISCUSS UNIFORMITY.

Delegates Are in Attendance at the State Convention in Illinois.

By Associated Press to The Tribune.

SPRINGFIELD, Ill., Aug. 5.—About 300 miners were in attendance today at the opening session of the State Convention. The object of the meeting is to decide upon a uniformity wage scale for machine and hand labor. Of the 300 attending about 150 were delegates, the representation being one man to every 100 strikers. President James M. Carson of O'Fallon presided. After the meeting the president appointed a committee on credentials composed of nine men. There will be a mass meeting this afternoon.

HEAVY DAMAGES BY STORMS IN COLORADO.

Main Streets Flooded and Two Men Drowned by Swollen Creeks.

By Associated Press to The Tribune.

COLORADO SPRINGS (Col.), Aug. 5. The rain storm in this city last night was the most severe with one exception, during the past ten years. During the height of the storm the water stood from six to ten inches deep on a half dozen of the principal business streets, flooding cellars and running into stores damaging stock. Travel was entirely suspended. Three out of the five railroads leading into the city had serious washouts. A severe storm accompanied the downpour and several were struck by lightning. No fatalities occurred.

DENVER (Col.,) Aug. 5.—The heavy rains have caused many thousands of dollars damage in and about this city. Several bridges across Cherry Creek have been washed away. Patrick Murray, a laborer, was thrown into the creek by the caving of a bank on which he was standing to watch the flood, and was drowned. An unknown man who attempted to ford the creek on horseback was also swept away. Trains are much delayed on account of the damage to roadbeds, bridges, and culverts.

TURKEY IS NOW ANXIOUS FOR PEACE.

A Tightened Exchequer Makes the Sultan Withdraw Warships.

Found to Be Impossible to Raise a New Loan to Pay the Soldiers.

By Associated Press to The Tribune.

CONSTANTINOPLE, Aug. 5.—The Turkish government officials are now manifesting a desire to expedite the settlement of the peace negotiations owing to the straightened state of the exchequer, rendering it impossible under the present circumstances to contract a new loan because of the unhealthy condition of the troops in Thessaly, where many of the soldiers are dying, and for political reasons, the attitude of Bulgaria, Servia, and Montenegro being regarded as threatening.

The Turkish Minister for Foreign Affairs, Tewfik Pasha, replying to inquiries made by the Ambassadors of the powers, has expressed ignorance of the destination of the Turkish fleet which left the Dardanelles Tuesday. It appears, however, that the warships are not going to Cretan waters which is probably a wise decision upon the part of the Turkish authorities as it has been stated that the admirals in command of the fleets of the powers have decided to oppose by force, if necessary, the entry of the Turkish squadron into Cretan waters, where precautions have already been taken against such an eventuality by the despatch of foreign warships to the different ports of Crete.

Will Wait Four Months.

By Associated Press to The Tribune.

MADRID, Aug. 5.—The Heraldo says it is understood that the United States Government has decided to wait four months longer for the Pacification of Cuba and that unless it is accomplished by that time, the United States will undertake the protection of the insurgents. Inquiries made in official circles elicited a denial of the accuracy of this announcement.

SOUND DOCTRINE

Gov. Atkinson of West Virginia Lays Down the Law to Strikers.

RESPECT THE PEOPLE'S RIGHTS

The Privilege of Assembly May Not Be Forcibly Set Aside.

FREE SPEECH GUARANTEED.

Any Attempt at Coercion Will Be Met by the Power of the State.

By Associated Press to The Tribune.

WASHINGTON, Aug. 5.—Governor Atkinson of West Virginia, has written the following reply to the labor leaders who recently conferred with him regarding the miners' strike:

"CHARLESTON, Aug. 3.—Messrs. Gompers, Sovereign and Ratchford, Committee, etc.—Gentlemen: Referring to your visit to me several days ago, in which there was a friendly discussion between us of certain passages of the labor troubles in this State and especially of the strike of the coal miners, and to your several telegrams recently received and, referring also, especially to your desire that I should take steps to secure to you and the workingmen of the State the right and privilege of holding public meetings for the discussion of matters concerning the welfare of the strikers, I beg to say to you that I have given the matter most earnest consideration.

"In this controversy, there are to be considered both the rights of property and the rights of citizens. In our talk, you spoke of a certain injunction that had been issued by the Circuit Court of Marion County against you and others, according to the terms of which as you understood them, you were prevented from holding public meetings for the purposes of discussing the benefits of the organization of the Fairmont region. I understood that this injunction has not been served upon you, and that you have not been called upon to make any answer thereto.

"The Circuit Court of Marion County belongs to the Judicial Department of the State Government which is a seperate and independent department from the Executive and it would be improper for me to express my opinion as to whether said injunction was properly or improperly issued, or whether it is too sweeping in its character or too comprehensive in its scope, especially as the matter has not yet been determined by the Supreme Court of this State to which you can take an appeal and, in which you can, I have no doubt, have a fair and proper hearing. I have, however, requested the Attorney General to appear in the matter and assist in having an early adjudication by the Supreme Court of the State of this injunction proceeding. I have done this because the injunction presents somewhat novel questions and I believe it is the first of its kind to be issued in this State and because it effects the rights of a large number of citizens of West Virginia.

"The bill of rights of the constitution of this State guarantees the people thereof 'the right to assemble in a peaceful manner to consult for the common good, to instruct their representatives, or to apply for redress of grievances,' and it also provides that 'no law abridging freedom of speech or of the press shall be passed.'

"These are rights which have come down to us from the days of Magna Charta which rights, as long as I am Governor, shall be preserved to the people of the State if in my power to do so. It is the right and duty of the Legislature to enact laws; of the court to construe them, and of the executive to enforce them. No one of these departments should interfere with or usurp the functions or prerogatives of the others.

"I will say, however, that I now hold and have always held that the right of free speech and of public assembly should in no wise be abridged, and that the widest possible liberty should be allowed all of our people. I have always maintained that both the laborer and capital had the inherent right to organize for the better protection of both of their interests, provided such organizations are made and maintained with in the restrictions of the statutes of our State. It is improper and unlawful to use threats, force, or intimidation of any sort to induc emen to connect themselves with or become part of any organized body of capitalists or laborers. It is also improper and unlawful for any body of men, organized or unorganized, to trespass upon the property or premises of a citizen; but it is my opinion that labor organizers or capital organizers, or any other organizers for that matter may present the cases in a proper manner, in public places, to the people, and induce them, by moral suasion, to connect themselves with any organization which is in itself not unlawful in its aims and purposes. In other words, I claim the right for myself as a citizen of West Virginia to discuss politics, religion, science, labor organizations or any other subject I may choose to discuss in public hall or on public highways, provided always that I confine myself to the requirements of the law which inhibits me from trespassing upon the property and vested rights of other citizens. I mean to say that the bill of rights of our constitution allows me the rights and privileges and that no court can impair these rights if I confine myself to moral suasion and do not incite the people to riotous conduct or other unlawful acts.

"So long as the workingmen of this State conduct their cause in a lawful and peaceful manner, it will be my duty, as it will be my pleasure, to protect them; but, if they should, in an ill-advised hour, evoke the law by interfering with the rights or property of others, it will be my sworn duty to repress energetically and speedily all lawpeace is maintained at all hazards and that the property of our people is protected. We must all, whether rich or poor, employer or employe, high or low, respect and obey the law.

Many Rides Planned Through the Rural Country Districts.

By Associated Press to The Tribune.

PHILADELPHIA, Aug. 5.—The bustle and excitement which has prevailed at the headquarters of the National League of American Wheelmen since Tuesday, continued to-day despite the threatening clouds and occasional showers.

bers with new arrivals came in by train. Since the headquarters has been opened over 2,000 new members have been enrolled.

The scheduled all day run to historic Valley Forge was abandoned on account of the rain. The other scheduled runs starting at 9 o'clock up the Wissickahon Valley through Fairmount Park, got away on time, with a large number of riders, considering the weather.

Between the showers which grew lighter as the day advanced, short runs were taken in every direction through the city and suburbs and refreshments and indoor amusements were provided in every bicycle club house.

At 1 o'clock there was every indication of clear weather for to-morrow. Should the weather not be too violent, the races will be run, rain or shine.

The Omaha and Indianapolis delegates are still engaged in a good natured rivalry for the '98 meet, and are keeping open house at their respective headquarters in the Aberdeen and Hotel Walton.

PLOT TO DEPOSE THE RUSSIAN CZAR.

The Dowager Czarina Planned With Others to Form a Regency.

Nicholas Discovered the Plot and the Ex-Empress Now Lives in Denmark.

By Associated Press to The Tribune.

BERLIN, Aug. 5.—The Hamburgische correspondent publishes a curious story about the Dowager Czarina. It says that last May she tried to secure the regency, but in her insistent endeavor to get Emperor Nicholas to go abroad on account of alleged illness, the Czar's suspicions were aroused.

He heard of the intrigue, assembled his bodyguard and summoned the Dowager Empress and other court intriguers, including the Minister of the Imperial household, Count Vorontozoff-Daschkoff.

All wre confounded with the discovery of the plot.

Count Vorontozoff-Daschkoff was compelled to resign and it is probable that the Dowager Empress will reside permanently at Copenhagen.

TALES OF BRUTALITY FROM BRITISH INDIA.

Lord Hamilton Denies That More Than Seven Natives Were Killed.

By Associated Press to The Tribune.

LONDON, Aug. 5.—The Evening News this afternoon publishes a letter from a Calcutta volunteer, reiterating the statement that during the recent rioting there the artillery fired point blank at a mob of 5,000 mill hands, who were marching to join the rioters, with the result that 1,500 of the natives were killed.

The Secretary of State for India, Lord George Hamilton, was questioned in the House of Commons on July 9th as to the accuracy of the native report that 1,500 persons were killed during the rioting which had just occurred in the vicinity of Calcutta as one of the results of the stringent measures taken by the government officials to prevent the spread and stamp out the bubonic plague. He replied that about seven persons were killed and that about twenty were wounded during the riots referred to.

Hurst, who has gone to St. Louis, will be re-arrested there and brought back here.

PLANS OF THE BORAX KING.

Bradford Says the Alameda Works Will Continue Open.

Some additional facts concerning F. M. Smith's proposed plan for establishing a borax refinery in New York were given out today by Superintendent Bradford of the Alameda works. Mr. Bradford stated that he believed that the Alameda works would not be closed down but would continue to supply the demand west of the Mississippi.

He also said that plans for the New York refinery are being rapidly pushed forward and that it was merely a question of days before the Eastern plant would be in full working order. Several men have been taken from the Alameda works to fill Eastern positions but their places have now been filled by others.

MANY WITNESSES.

Delmas Will Bring Seventy-Five Into the Craven Case.

By Associated Press to The Tribune.

SAN FRANCISCO, Aug. 5.—When the Angus-Craven case was resumed today, Attorney Delmas calmly announced that he had only seventy-five witnesses for the defense, and did not therefore expect to take up much more of the time of the court and jury.

Mrs. Haskins, the confidential friend of Mrs. Nettie Craven occupied the witness stand all day today, having been called to prove the execution of the pencil deeds by the late Senator Fair to Mrs. Craven.

Upon cross-examination the plaintiff's counsel attempted to show that Mrs. Craven was under such deep pecuniary obligations to the witness that Mrs. Haskins found it to her own interest to help her out as much as possible.

Mrs. Haskins admitted that Mrs. Craven owed her some money, but could not be induced to state the exact amount. She also admitted having furnished the means for Mrs. Craven's trips.

Bride and Groom Are Burned to Death While Feasting.

COULD NOT POSSIBLY ESCAPE.

Principals and Guests Gathered at an All-Night Restaurant.

DOUBT REGARDING THE GIRL.

The Tragedy Was Caused by a Beer and a Bath-Tub on End.

By Associated Press to The Tribune.

CINCINNATI, Aug. 5.—Otto Adler kept an all-night restaurant in the lower part of the house in which three men and one woman perished this morning.

There were seventeen men and women in one room in the second story of this house.

The occupants of the building refuse all information. None of the dead were burned. They were suffocated from the fire in the adjacent rooms. The only exit for escape was blocked by a bath tub set up on end at the head of the stairway. The smoke came from an adjacent room where the fire was soon extinguished.

It seems that it was a wedding frolic in which Guth, one of the dead men, was the bridegroom, and the daughter of landlord Adler was the bride.

Still there is some doubt about who was the bride, as this is about nearly all the particulars in the case obtainable.

The celebrants of the wedding used beer and cigarettes very freely, and it is supposed cigarettes started the fire and that beer caused the somnolence, which with the up-ended bath tub were indirect causes of so much fatality.

It seems that while four out of the seventeen in the room were suffocated fatally, the other thirteen suffered but slightly.

The names of the victims are:
EZRA ROUSE.
ARTHUR GUTH.
NELLIE BENNETT.
ROY CARR.

The fire is now known to have started from the explosion of a gasoline stove.

The building was a two-story frame.

THE PLANS OF THE BORAX KING

F. M. Smith, the head of the Pacific Coast Borax Company, has started a gigantic enterprise which will actually girdle the earth with his borax refineries. His latest move is to establish an enormous refinery in New York City, thus gaining complete control of the Eastern borax market, and as he already has a mammoth refinery in Liverpool, he now has the borax market of the world in his power.

He Is In very fact the Borax King

The tariff bill passed by the last Legislature has given a most kindly fostering protection to borax industry, as a duty of $60 per ton was placed on all imported borax.

As soon as the bill was passed, the Pacific Coast Borax Company's capacity was taxed to the utmost and it was found that the Alameda works would have to be enlarged or a new refinery built

Mr Smith decided to build and to place the new refinery in a location where the demand for the borax was greatest Naturally, New York was selected, and plans for the building quickly made.

Mr Smith has, as usual, kept his plans a secret until everything was in readiness for commencing operations No one outside of those directly interested in the movement have known anything concerning the proposed enlargement of the business

He had telegraphed for the foreman of the Alameda works to join him in New York and to take charge of the refinery there

Two hundred men will be employed in the New York refinery and the borax will be shipped directly from Death Valley to the Eastern establishment

One reason for putting the new refinery in the East was that the borax could be shipped East in the crude condition cheaper that it could be refined here and then shipped.

By establishing the Eastern factory hundreds of thousands of dollars will be saved annually

There was a rumor afloat to the effect that F M Smith proposed to close the Alameda works and to transfer his entire business East. This rumor is emphatically denied by those closest in the confidence of the Borax King

It is authoritatively stated that the Alameda works will continue to run and will take charge of the borax trade west of the Mississippi ,while the big Eastern refinery will supply the East and South The Alameda works are now deluged with orders and work has been arranged that will take years to execute

Charles Pickett, the former foreman of the Alameda works, goes East this evening in answer to a telegraphic message from F M Smith Pickett will oversee the work in the new factory. He has been one of the trusted employes in the Alameda establishment and will be placed in charge of 200 men in the Eastern refinery.

Lawrence Stripling has been promoted to Pickett's position and will have charge of the Alameda works Eighty men are constantly employed in the Alameda works, and frequently the number is increased to 195 or more

The size of the New York enterprise may be estimated by comparing it to the Alameda establishment which has held the controlling influence in the borax market for the past years

With the New York refinery the millions of the Borax King will be quickly duplicated and triplicated The passage of the tariff bill meant millions of dollars to F M Smith, whose fortune cannot be easily estimated now but it is certain that he ranks among the richest men in the country

The Eastern plant will cost in the neighborhood of a million dollars and is now almost ready to begin operations

F M. Smith is in New York at present and is giving his personal superintendence to the establishment of the enterprise that will make him a modern Croesus

His recent journeyings to England and the continent have given him full power in the borax business He has bought up all the smaller borax industries and now has the control of the market in his own hands.

He has practically a monopoly on the borax industry in this country as the high tariff will prevent any importation, and as far as other countries, his vast resources make him actually king of the borax industry

Mr. Smith already more than a millionaire, has had at least $2 000 000 added to his fortune by the passage of the tariff bill. His greatly increased revenue will place him in a position to do practically as he desires with all his large holdings in this city.

It is understood from a reliable source that some very important deals will be consummated in connection with the Realty Syndicate as soon as the borax business is arranged so that it does not require immediate attention.

WILL SHUT THE FACTORY.

A late private dispatch from New York puts a somewhat different coloring on the situation It states that eventually F M Smith will close the Alameda works They will probably remain open for a year or two longer and will then be shut down The business will then be transferred to New York.

The dispatch comes from a confidential source and is reliable In spite of the assurance of the Alameda men that both plants will be kept running to meet the enormous demand for borax that the tariff bill has made upon the American Borax Works.

SHIP ON FIRE AT THE WHARF.

Watchman Larry Johnson of the British ship Cumbermere was startled just before day break this morning by the smell of smoke apparently coming from the forward part of the vessel

Hurrying to the front he observed a line of smoke issuing from a crevice. Quickly catching up a near-by ax, the watchman dealt a couple of blows on the floor of the deck and a mass of flame burst forth

The crew of the ship was immediately aroused and there began a fight against the flames that lasted for almost two hours

Had the watchman not discovered the smoke at the time he did, the ship might now have been at the bottom of the estuary

The Cumbermere arrived at the Adams' Wharf from Australia with a cargo of coal, several days ago

Last night she finished discharging her cargo and had determined to leave the dock today

While waiting for a tug boat the Cumbermere moved out to allow the British Princess, another coaling ship to get to the dock

Last night the Cumbermere lay along side the Princess

How the fire broke out is a mystery It started in a space apportioned off from the rest of the hold for the storage of tar and before it had been extinguished it had eaten its way through the forward deck and along a considerable portion of the inside of the hold

There was considerable difficulty in fighting the flames as they got between the double decks and the smoke in the hold was choking

The crew of the British Princess joined with those of the Cumbermere and fought the flames desperately That no one of either crew was injured by the gas in the hold was a miracle

The ship is believed to have been set afire by some of the crew and it is almost a certainty that one or more of the crew are now in irons, although Captain Furnard refused either to affirm or deny the questions on the point

The trouble was all caused over the arrest of John Henry Near one of the sailors of the Cumbermere

Near is a West Indian, and during the trip of the vessel from Australia it is said that he had frequent trouble with the Captain and other members of the crew

Yesterday Near desired to go ashore and was refused by the captain, whereupon a fight between the two occurred during which the captain was slashed with a knife on the hand and right leg

Near made his escape but was subsequently arrested by Officer Carson, just as he was attempting to board a train for San Francisco.

The crew of the Cumbermere is composed largely of negroes and although Near had trouble with most of them, he still had several friends on board

It is thought that these friends set the vessel on fire out of revenge

Just what damage was done is not known

When seen by a Tribune man this morning Captain Burnard was in his cabin He was pacing nervously about his room and cast frequent glances behind him as if expecting every minute to have some hidden assassin spring from cover and stab him in the back

'I do not care to say anything about this affair said he 'I have some very hard and desperate men in my crew and I have expected a mutiny ever since we left the Antipodes

The man Near, who is now in the City Prison is a bad character and he has caused trouble aboard other vessels I did not learn this, however, till we were well out at sea

'Evidently some friend of his, bent upon revenge did this morning's work. I have my suspicions of one man, but I do not wish to say how he will be punished

There are about a dozen 'niggers' in my crew and I have had to be very watchful in consequence of which I am very sadly run down and nervous at present

I do not anticipate trouble when we get to sea again but I will take extra precautions I would not be the first ship captain murdered by a mutinous crew.

"You can rest assured that Near will not be on the outgoing voyage,

"We are now waiting for a tug to tow us beyond the heads and once on the high seas I can really have better control of my crew than I have here"

The Cumbemere is a large vessel and is owned by a Liverpool firm She came in with an assignment for the Oregon Improvement Company.

Near is still in the city prison, but his hearing has been set for August 10th, and by that time the captain and crew of the Cumbermere will be out of the country

Near claims that the captain was guilty of brutality on more than one occasion on the voyage from Australia, and says he can prove his charges by a number of the crew

It is said that Near had just been released from prison when he shipped on the Cumbermere and that on two occasions on the voyage he came near exciting mutiny by his behavior.

JAPANESE WANT AN OIL SYNDICATE.

Efforts Are Now Being Made to Control the Output of the Country.

By Associated Press to The Tribune

WASHINGTON, Aug 4—Consul Monoghan at Chemnitz writes the State Department that Germany is turning its attention to the oil territory in Japan and that an effort is being made at Tokio to organize a syndicate similar to the Standard Oil Co or the Russian Trust for the purpose of increasing production It is also said that oil has been found in large quantities in Formosa

The Consul says that Germany is increasing its trade in India and is now third in point of commerce with that country He adds that the United States with half the effort of the German agents ought to obtain a much larger share than hitherto of the markets of Calcutta Bombay and Benares

Mr Monoghan discusses the efforts Russia is making to aid its farmers Every obstacle in the way of agricultural development and in the exportation of farm products is to be removed Agricultural implements not made in Russia will be duty free for five years

The Consul suggests that American manufacturers of agricultural implements should look into the matter of supplying this new market.

Attorneys Squabble Over Questions to Be Asked Reuben Lloyd

By Associated Press to The Tribune.

SAN FRANCISCO Aug 4—All that remained to close the case for the plaintiff in the Angus-Craven case today, was the framing of certain questions to be propounded to Attorney Reuben H Lloyd upon re-direct examination should that gentleman who is seriously ill with pneumonia, sufficiently recover before all the testimony in the case was closed

This, however, caused endless quibbling among the attorneys as counsel for Mrs Craven objected to each and every question framed by the other side

The plaintiff's case was finally closed shortly before noon and Attorney Denison addressed the jury at considerable length reviewing the proceedings of the past few months and stating what he proposed to disprove

CANDY MEN CANNOT AGREE.

A Convention Being Held in the East by the Large Jobbers

By Associated Press to The Tribune.

DETROIT Mich, Aug 4—Fifty delegates to the annual convention of the National Jobbing Confectioners met in the City Council chamber today John Gray of Detroit, ex-president of the Candy Manufacturers' Association, in a short speech commended the course of the Middlemen in insisting on full weights and pure articles.

Trouble ensued when President Stern of Cincinnati announced the appointment of a committee on credentials The president had ignored the Chicago delegation in making up the committee

Albert Cureton arose to protest but the president declared he was out of order and not a member of the association The credentials committee was soon ready to report, but a recess was first taken until 2 P. M

It appears that the Chicago Candy Jobbers' Association withdrew from the Association last year after the convention at Milwaukee at which Mr Cureton had been defeated for re-election as men, however, formed a club and applied for membership in their new form. Some of the delegates favor their admittance, others do not. Mr Cureton desires to again be a candidate for secretary.

When the convention re-assembled this afternoon, the committee on credentials reported that it stood three to three on the question of reinstating Chicagoans as members The committee referred the matter back to the convention.

A School Janitor Cannot be a Good Judge of a Cement Contract

Editor Tribune —In yesterday's Enquirer we find an article that the cement used at the Prescott school was not put in as per specification, according to one D. A Valentine, who is supposed to be appointed inspector for such work Now, of the Prescott school trouble I don't know anything but being acquainted with the contractor and his work it is safe to say the city gets all it is entitled to As far as the inspector is concerned I know the gentleman also I being the contractor to lay cement walk at the Garfield school at the present time and had trouble with this same D A Valentine before The difficulty seems to hang simply on this, this gentleman may have a little petty authority (but where he gets it under my contract and specification I don't see) backed up by the Superintendent of Public Schools and that is all, for a knowledge of the duties required this Mr Valentine knows absolutely nothing According to his own story he is a plasterer and later a painter by trade and a janitor by profession, and such a man will, in order to hide his absolute want of knowledge of the work in hand cover it by a lot of bluster and bluffs I really don't remember how often he threatened to have me or my men arrested for something that was, according to his interpretation of the specifications not done correctly Now if Mr McClymonds was really interested in getting good work, why in the name of common sense does he not appoint an inspector that is familiar with the class of work on hand Certainly there are any number of citizens in Oakland who are able to read specifications, as well as know the meaning of them after it is read who have had years of experience in this line of work The great trouble is simply that sometimes contracts are awarded to parties who are not on the inside of the jewels that be, and in such a case life is made a burden to the unlucky contractor so as to discourage him never to try again for city work and especially school work That is the reason there was only one bid on certain work let about one month ago at a price nearly 30 per cent higher than the same work was done three years ago, when labor and material was at least 25 per cent higher than now There are nearly thirty cement contractors in this city and a job running up into the thousands generally is well competed for but in this, as well as in numerous other jobs only one solitary bid was received for a burnt child is afraid of the fire

A SPECIAL LEASED WIRE IS LOCATED IN THE TRIBUNE OFFICE AND THE NEWS OF THE WORLD IS RECORDED THE DAY IT HAPPENS.

Durrant's Horse

Mrs S C Sanford, secretary of the Society for the Prevention of Cruelty to Animals, will bring another suit against the two men who have already been sued for driving a horse to death The other horse driven by them is suffering from congestion of the brain, and is in a dangerous condition The horse which is called 'Fay,' is a historical one, for it is the one which Durrant was riding when he was arrested for the murder of Blanche Lamont and Minnie Williams The horse is now in the possession of Mrs Sanford.

Smith Was Troublesome.

Ellen Smith of San Leandro swore out a warrant in Judge Cliff's court this morning charging her husband, Samuel Smith, with disturbing the peace Smith became tipsy and began festivities by beating his wife She objected and came to town to get out a warrant Smith is a one-legged man

Smith is also charged with cruelty to animals as he drove his horse when the animal was suffering from a lacerated shoulder

A Trio of Marragies.

Justice of the Peace Fred Clift performed three marriages yesterday afternoon. Walter J Phillips and Mary Weber were the first couple made one. Another pair of lovers from the Encinal City, Oscar J. Downs and Mary Elizabeth Brandt were next united

In the third wedding, the bridegroom, Charles Mill was 65 years of age, and came from Haywards, while his bride, Mary E Hunter Hart, was a buxom woman of 43 years

In the Courts of Justice.

Richard Marston has brought suit in Judge Allen's court to recover $54 60 on a promissory note.

Another suit has been filed in the same court by Frank J Moffitt, who is seeking to recover $66 65 and interest on a promissory note given by J. F. Landregan.

WHY WAIT FOURTEEN HOURS TO RECEIVE THE NEWS, WHEN THE TRIBUNE PRINTS IT FROM ALL PARTS OF THE WORLD THE DAY IT HAPPENS?

INOCULATION FOR DRUNKENNESS.

The "Equisine" From a Horse Will Kill the Hereditary Taint.

A Wonderful and Simple Remedy Is Discovered by a Physician.

Dr. Fred W. d'Evelyn of San Francisco claims to have discovered a new and wonderful remedy for drunkenness. He believes that the cause of drunkenness can be entirely eliminated by a system of inoculation with a substance of horse blood called "equisine."

He has been experimenting for the past fifteen years and feels that he is at last successful. His laboratory is located in Alameda, and there the physician conducts some novel experiments, which he has embodied in a report to the Medical World of Philadelphia.

He administers alcohol to healthy horses in order to learn effects and obtain desired results. By this means it is shown conclusively that the blood corpuscles are materially changed in their character, and that these changes are both chemical and biological—that the blood takes on entirely new characteristics and that a new element is produced. This new element or modified blood corpuscle the doctor calls an "alcocyte." These alcocytes are, in fact, the hereditary taint which causes the child of a drunkard to become an inebriate, just as the taint of any other disease of the blood is transmitted from parent to offspring.

The "ripe" horse, or horse that has been thoroughly subjected to an alcohol treatment, is bled, the blood flowing directly into a sterilized vessel containing chloral and intimately mixed to influence the clot. It is allowed to settle for twenty-four hours, then subjected to a freezing process and then well shaken for twenty or thirty minutes and decanted. A slightly sticky, pale-straw, or reddish-yellow fluid is the result. This fluid is what is designated "equisine" and contains the essential element of the alcocytic blood—a chemical reaction of alcohol on the blood compound. What vaccine has been to smallpox equisine will be to alcoholism.

The power of this element does not end with removing the hereditary taint, but under its influence the doctor has had the satisfaction of obtaining most encouraging results in subjects affected from acquired alcocytism, in which the confirmed inebriate has been cured of all desire for liquor.

AT THE TRACK.

Good Sport Continues to Be an Excellent Drawing Card.

Another large crowd attended the races at the Oakland track yesterday, and were furnished with a good day's sport.

Trotting races in the past have been a poor drawing card, but the Pacific Coast Trotting Horse Breeders' Association has succeeded in awakening considerable enthusiasm in the sport, with the result that each day the crowd at the track increases.

The winners of the races yesterday were Nordeau, Meridian and Butcher Boy, the last race being a special butchers' event.

The crowd at the track today is larger than that of yesterday. Following were the entries for today:

First race, pacing, for three-year-olds P. W Hodges blk. s. De Bernardo, William Munaks b. s. Hijo del Diablo, P. H. Quinn's b. c. Arthur W., River View Stock Farm blk. f. Telephone, W. H. Stimson's b. c. Muskegon, Walnut Grove Stock Farm's b. m. Majella B.

Second race, trotting, 2 16 class—J. Christie's b h Fargo Bank. Delaney & Co.'s b. m Amita. Dennis Gannon's b s. Clay S., Jordan & Franklin's b. m. Margaret Worth, J. H. Kelly's b. s. Conn. O. Marchand's br. m. Lady O., W. S. Maben's blk. m. Galette, H. S. Hogoboom's br m Humboldt Maid.

Third race—Match between Pilot Prince by Dexter Prince, and Chico by Monroe Chief.

Fourth race—Members of the Alameda Driving Club to drive. R. E. Combs, Anita; W. H. Noyes, Kitty Bowers; C. T. Bulls, Much Better; C. C. Gardners, King Cadenzia; and Thomas Moran's Count.

Tomorrow will be ladies day and it is expected that the fair sex will respond in large numbers to the invitation. Ladies will be admitted free.

THE GRADY NOT TO RUN TO THIS PORT.

Little Use for the Old Craft Now She Is in the Harbor

After all the talk, and all the anxiety of Oakland commission men to procure the steamer H. C. Grady, the vessel will not trade to this port.

The Grady will make her first trip up the Sacramento river tomorrow. There will be a brass band and free lunch on board after which the Grady will enter into competition with the old dealers of San Francisco.

There are many who think that the Grady's present owners are creating the opposition for the purpose of selling their boat to the Dutch Company, which controls the San Francisco trade.

The deal with the Oakland parties is off. The original contract called for the steamer to be ready for service on the 1st of May, but as she did not arrive other boats were procured and the contract fell through.

They had Ayr-ships in Scotland centuries ago.

The residents of Fruitvale are doing well to agitate for improved school facilities. They form one of the most potent factors in upbuilding a community.

Senator White and the other Cleveland Democrats may be opposed to annexation, but if the American flag has been again raised over the islands as the press advices indicate, it is a hundred to one that it will not come down again!

The north has been a great wealth-producing country for the past thirty years. The Columbia river has yielded about $70,000,000 in fish, the Treadwell mine has added millions to our coined wealth, the seals have contributed untold revenues and now come the placers, promising to furnish fully as much more.

Who knows where someone has hidden $1,346,000,000? Bryan says there is only $300,000,000 in circulation to do all the business of the country, but the treasury report states there is $1,646,000,000 floating around. Either somebody has got most of the money in a corner or else Bryan is in one himself.

The dangers attending Andree's balloon trip have been summed up as follows. Light contrary winds, rains that freeze and weigh down the balloon, storms, escape of gas and loss of lifting power, and the remoteness of landing places from human life or help. The more one thinks of it, the more it looks as if his venture was a case of scientific suicide.

Mrs. Lease may not be a fit person to occupy the Gubernatorial chair of Kansas but she keeps right along seeking the office, evidently on the basis that she needs the money. Her household was attached the other day to satisfy a mortgage and all the officers could find to levy on was two cheap bedsteads and Mr. Mary Lease. She must be given the credit anyway of showing the astuteness of a trained politician.

Co-education is spreading. Its success at the Berkeley and Stanford Universities has encouraged other States that have been figuring on making the experiment and now Alabama is about to drop into line. Co-education also brings competition in studies, for the old idea that girls could not master the classics and mathematics has long since been dissipated and they now keep the male students hustling in the strife for honors.

In the event of any trouble attending the collection of royalties from the Clondyke miners, routes are being hunted up by which the Canadians can rush troops to the scene. One way suggested is via Hudson's Bay, Great Slave lake, Mackenzie river and the Porcupine river, the latter being a tributary of the Yukon. This would give water transportation most of the way and navigation is said to be open five months in the year.

Cleveland's Presidential bee is said to be buzzing about again and it is stated that he believes himself to be the logical Democratic candidate in 1900. If he is so anxious to retain the title of President he had better accept the presidency of the University of Virginia that they say has been offered to him and be satisfied with that. Queen Lil's "great and good friend" will never occupy the White House again, that is certain.

A police judge in Illinois has proved himself to be an ultra-suffragist by sentencing a female criminal to the rock-pile for thirty days and has stirred up a hornet's nest thereby. The various female societies for miles around are denouncing him and among other things say: "Such a man disgraces the name of 'Judge' and is a common disgrace to the State. It matters not what the crime of the woman was." This may be all very true, but pleaders of the cause of suffrage must remember that they who seek the benefits must also get the burdens.

Bryan's slogan of "hard times" is becoming more and more of a farce every day. Values are increasing, old industries reviving and new ones starting, the big crops are moving and vast sums going into circulation throughout the land, business failures are decreasing and money becoming easier in every way. Nebraska has paid off $28,000,000 indebtedness, North Dakota $25,000,000's worth, South Dakota $50,000,000, Kansas $50,000,000, Iowa $25,000,000 and many other States have a similar showing in lesser amounts. The Republicans should encourage Bryan to go around the country talking, for his own arguments are the best that can be made against him.

THE BILL-BOARD NUISANCE.

City Engineer Clement, to whom has been referred for a report, the matter of regulating the height of the advertising bill boards can be relied upon to handle the matter in accordance with the justice of the case and the local conditions. Of late the bill board nuisance has become extravagantly intolerable. Huge timberings frailly constructed have been erected on almost every available piece of vacant land and are not only unsightly, but form a nuisance in every sense of the word, but the legal one. The matter has been before the Supreme Court in a test case and the bill board men won, though under conditions that would probably defeat them in Oakland. The point is that they come within the police regulations and if the boards are in any way dangerous to the public safety they can be condemned.

That they are dangerous here in the majority of cases is unquestionable. Every time an unusually high wind prevails sections of these fences blow down, and that many people have not been injured has simply been due to the sheer luck that no one was passing at the time. Citizens, though, should not be compelled to take these chances and as it is within the power of the city to exercise the necessary preventive there should be no hesitancy about using it.

The bill board nuisance would soon be obviated if advertisers awakened thoroughly to the situation regarding these ungainly fences. Advertising of that description only pays in a very few instances. It is but of recent date that the glaring posters that now annoy the eye in every direction came into general use. They were born of a society fad—the poster craze. When that epidemic first broke out, stores were ransacked and advertising warehouses looted of anything original in the way of pictorial or novel bills and the result was that general attention was attracted to that sort of thing and the bill board men took advantage of it. They rented all the available unoccupied land and then after erecting huge fences, covered them with more or less artistic posters, for which the firm so advertising had to pay a stiff price. It was a good idea for the time being and there is no question that the advertisers reaped good results from their enterprise.

But the fad has died out. Posters, no matter how rare or unique, are at such a discount that they are practically worthless. Society soon tires of its toys and it does not take long for a wave to ebb away. Whatever popularity, poster advertising had is now gone. While the idea was new, passers-by looked at the bill boards and read and admired various designs. They have become used to them now, though, and posters that six months ago would have been an item of gossip never even attract attention. Of course anything very lavish or very much out of the ordinary might catch the eye, but beyond that it would create no comment.

The advertising value of the bill board is, therefore, practically gone. It always was and always will be good in one way—that is to keep some particular name or idea before the public, but as a medium of actual and specific advertising it is now worthless. Reason will readily show that the advertisement that reaches the home in the columns of a daily newspaper, where it can be perused and thought over at leisure, must be of a hundred times more value than if flashed upon a board in front of a vacant lot. What woman would care to stand in front of a bill board to gather the points of an advertisement? And yet, the plausible canvassing of the agents of the poster men frequently results in the securing of advertisements from dry goods and supply stores, though it is commendable to note that they are not meeting with as much success as formerly, for the liberal advertiser is, as a rule, a shrewd business man and quick to see where his money is not securing the proper returns. The days of the bill boards' usefulness are, therefore, at an end and though it is not possible to remove them altogether, the authorities should take advantage of the power vested in them by law and so limit the height of the fences that they will no longer be a menace to the public safety.

The growth of the University of California is proceeding at such a rapid rate that it will not be long before it is the leading educational institution in the West. Five hundred freshmen are expected to be on hand when the term commences next Monday and this in spite of the competition of Palo Alto. Eye-and-bye when the plans for the beautification of the Berkeley college are in practical evidence, California will not only claim the western supremacy in that line, but will be the peer of anything in the United States.

Why shouldn't wheat go up? The crop in Europe this year is from 100,000,000 to 120,000,000 bushels smaller than that of 1898 and as the reserves of wheat on hand at the present time are lower than they were at this season in the past eight or ten years the wheat market for the next six or eight months is likely to be very strong. As the United States has from 75,000,000 to 100,000,000 bushels more than in 1896 nothing in the world can stop that wave of prosperity from coming right along.

It seems but the other day that the press dispatches were chronicling the opening up of Oklahoma and giving the details of the breaking of the ground by the pioneer settlers. This is all of interest just now, in view of the announcement that Oklahoma will have a crop of 125,000 bales of cotton this year. No wonder the sleepy countries of the old world are surprised at the pace we cut.

LIFE.

Just a game of living chances,
And the cards are shuffled well,
Ere the hand of fate advances
Unto us the ones that tell
Whether we shall draw the token,
Shall the hazard run in vain;
Whether ours a heart that's broken,
Whether joy be ours to gain.

There's a tiny joker hiding
Somewhere in each pack of fate,
His the message of good tiding
When he is not dealt too late;
But to those who fail to find him
At the outset Cupid flings
Just a smile and leaves behind him
But the flutter of his wings.

FASHIONS, FANCIES.

The new silk petticoats of brocade and light shotsilks are from three to three and one-half yards around, made with one deep flounce from the knee trimmed with a lace edge, the rows of insertion between clusters of tucks. A wide flounce with a narrow ruffle on the edge, falling over a double ruche on the skirt, is a favorite mode of trimming, as it assures the full effect at the bottom.

Purses to match or harmonize with the color of your costume is one of fashion's new whims, and dainty pocketbooks are made of mauve, green, blue and brown leather.

Fancy Oxford ties with a patent leather vamp and finish are made of moire velour in various tints of green, blue, dull red, and brown.

"Tyrolean hats of the brigand shape" are considered by English women to be the best and most becoming for cycling, and the brims and crowns are often of contrasting color. Canvas hats, too, are very much favored.

One of the many jubilee souvenirs is an umbrella, with a Dresden handle, decorated with gold and a portrait of Queen Victoria in her coronation robes, copied from a picture at Windsor Castle.

A wise authority asserts that a revolution in millinery is going on, that the large hat is not among the latest novelties, and that the proper thing is the medium shape, round and flat, trimmed round the crown, with no assertive osprey, or aigrette of ribbons, flowers, or lace at the side. When feathers are used they are arranged to droop at the hair at the side.

WARNER'S BODY IS FOUND

The Aged Swiss Evidently the Victim of Self-Destruction.

Waves Wash the Body Ashore at Lime Point, Marin County.

The body of Sam Warner, the aged Swiss, who disappeared from his Golden Gate home two weeks ago, has been found on the beach at Lime Point, Marin County.

The body was washed ashore on the waves Tuesday and from the description furnished the old man's family became convinced that it was Warner.

A son-in-law has identified the remains and they will be brought back to Golden Gate, where the funeral will be held next Saturday.

When the old man disappeared the family refused to believe that he had committed suicide, saying that he often left home for several days. Some months ago the old man was found lying near his residence, suffering from wounds received from the explosion of a stick of dynamite. It was generally supposed then that he had tried to make away with himself, although he claimed that he had been blasting a stump and had been accidentally injured.

TRIES TO ESCAPE HIGH TAXES.

William Rockefeller Makes an Attempt to Sell His Property.

By Associated Press to The Tribune.

NEW YORK, Aug. 5.—The Journal says:

"Because of what he considers an excessive assessment by the authorities of Mount Pleasant township, in which his Tarrytown property is located, William Rockefeller has placed the property on the market. He sold his summer place at Greenwich, Conn., about eight years ago, on account of what he claimed was excessive taxation, and is now said to be looking towards Newport as a retreat from taxation. Mr. Rockefeller is now in Europe. He sailed on June 30th, and a real estate agent of Tarrytown, who has been acting for him in contesting the assessment value of his property a year ago, now announces that before sailing Mr. Rockefeller authorized the sale of his property for $350,000.

The assessed valuation is $2,883,805. That of a year ago was $1,100,000. The purchase price was $125,000 and the improvements have cost about $350,000.

Says Christ Is Coming

By Associated Press to The Tribune.

NEW YORK, Aug. 4.—Rev. S. Merritt, who recently startled his acquaintances by announcing that he was an instrument in the hands of Providence to work miraculous cures, now declares that Christ will make his second appearance before the end of the century. The scene of the second advent will be Nyack Heights, where, according to Mr. Merritt, a New Jerusalem will be built. The property on which the city of grace is to be founded was owned by William M. Tweed, who laid it out for a country club.

Germans Will Picnic.

The second annual picnic of the German Societies of Oakland, San Francisco and Alameda will take place next Sunday at Shell Mound Park, when a great gathering is expected.

Besides the dancing, the numerous prize races, games, and bowling during the day, there will be a grand moonlight festival until 11 o'clock.

A parade will be given at 9 A. M., starting from Germania Hall, headed by the Fifth Regiment Band, and followed by the numerous members of the different German societies.

DREAMS.

Now all the cloudy shapes that float and lie
Within this magic globe we call the brain
Fold quite away, condense, withdraw, refrain,
And show it tenantless—an empty sky.
Return, O parting visions, pass not by;
Nor leave me vacant still, with strivings vain,
Longing to grasp at your dim garment's train,
And be drawn on to sleep's immunity.
I lie and pray for fancies hovering near;
Oblivion's kindly troop, illusions blest;
Dim, trailing phantoms in a world too clear;
Soft, downy, shadowy forms, my spirit's nest;
The warp and woof of sleep; till, freed from fear,
I drift in sweet enchantment back to rest.

IN THE SUBURBS.

Many New Teachers Assigned in the U. C. Faculty.

A CHANGE OF SCHOOL BOOKS.

It Increased the Expense of the Young Berkeley Students.

NEWSY NOTES FROM ALAMEDA.

Property Owners Ask to Have Their Assessments Reduced.

BERKELEY, Aug. 5.—Professor Walter E. Magee of the physical culture department of the State University has arranged a course of work in his department that will fit students to become teachers of athletics. The studies pursued will be strictly scientific and are primarily designed for those who intend to make the teaching of physical culture their life work. It begins with a study of the most elementary systems of developing the human body, follows along the line of culture from the standpoint of physiology, and finally ends with a scientific study of how to remedy acquired deformities. In fact, the course will supply adequate information for those who wish to become pedagogues in the line.

The parents of Berkeley school children are complaining that the sudden change in school books will necessitate many pupils buying new books after having laid in a supply of those formerly used. The changes were made by the Board of Education on Monday night upon recommendation of the new superintendent, F. E. Perham. The pupils had already on Monday laid in their supply.

An effort is being made to consolidate the Berkeley postoffices. It is proposed to have a main office in East Berkeley and to make the offices at Peralta, Lorin and West Berkeley sub-stations. It is believed that by this means better service could be obtained, as the business of the west and south parts of town added to the main office would entitle it to one or two more carriers, and thus make possible the extension of the free delivery.

News has been received in Berkeley that the degree of "cum laude" has been conferred upon Russ Avery by the Howard Law faculty. Avery graduated from Harvard with the last class and from the University of California in 1894. He is well known in Berkeley and especially in the University, where he was a prominent athlete and debater.

The University teaching corps has been augmented by several new instructors and the reappointment of several after a year's service.

Among them is Newell G. Perry, the blind graduate of the University, who has again received his position as fellow in mathematics.

The appointments are as follows:

Assistant professors—T. B. Dresslar, pedagogy; M. L. Morgolis, semitic languages and literature.

Instructors—H. C. Nutting, Greek and Sanskrit; Clarence W. Leach, history; Leon J. Richardson, Latin; L. E. Dickson, mathematics; C. M. Bakewell, philosophy; W. P. Boynton, physics; S. A. Chambers, French.

Fellows—T. M. Putnam, Newell G. Perry, F. E. Ross, mathematics; G. D. Louderback, mineralogy; J. L. Heaton, pedagogy; F. H. Bartlett, French.

Assistants—G. F. Winterburn, drawing; S. A. Moss, mechanics; F. R. Watson, R. W. Gray, physics.

There have been an unusually large number of applicants for admission at the State University. Three hundred and fifty students will take the entrance examinations next week. The last college opening found 250 students ready to take the examinations, while in 1895 there were 210. The increase this year indicates an unexpectedly large freshman class, though it is in great measure due to Professor Bradley's action regarding the English departments of the preparatory schools.

George Schmidt has traced his former tenant, B. Shopiro, as far as Napa Junction, and believes that the cattle which he is looking for will be found there. Schmidt holds a chattel mortgage on Shopiro's cattle, which were spirited away in the night. Shopiro rented a ranch house from Schmidt, which was mysteriously burned Sunday night. Schmidt accuses Shopiro of incendiarism. Schmidt will also prosecute Shopiro for high misdemeanor in removing mortgaged property while the latter claims the cattle belonged to his wife. If that is the case, Shopiro will be arrested for obtaining money on false pretenses.

ALAMEDA NEWS.

ALAMEDA, Aug. 5.—The first complaint to be received against the valuations of the Assessor was that of Victor Engineer, who asks for a reduction on his property at the corner of Pacific avenue and Walnut street, from $900 to $600.50. Jacob Hoeck wants a reduction from $1,600 to $900 on property at the corner of Railroad avenue and Powers' courts. The Board of Equalization will convene Monday, at 10 A. M.

The funeral of the late H. W. Cotton was held this morning at 11 o'clock from the Cotton residence at 1217 Oak street. Mr. Cotton was a prominent member of the G. A. R. A widow and daughter, Mrs. W. J. Fisher, survive the deceased.

A TUNNEL UNDER THE HUDSON.

The Abandoned Sub-Marine Way to Be Pushed to a Finish.

By Associated Press to The Tribune.

NEW YORK, Aug. 5.—The Hudson River tunnel project to connect New York and New Jersey has been revived. Plans are now being perfected to resume construction where it was dropped five years ago. The first step will be the filing of foreclosure papers by the law firm that represented the English bondholders against the tunnel property. It will be sold and bid in by the stockholders and then everything will be legally cleared for a reorganization and a new issue of bonds. Engineers say that an expenditure of $1,500,000 will complete the work. $4,000,000 had already been spent before the work was abandoned, at which time there were 3,916 feet of completed tunnel going east from the shaft in Jersey City. One thousand feet of this distance extends east of the middle of the Hudson River. In addition, there was 170 feet completed westward from the New York shaft at the foot of Morton street, leaving only about 1,000 feet to be constructed.

A BIG BUSINESS.

The Metallic Warehouse Company Has Located in Oakland.

A new firm, the business of which promises to extend throughout the State, has been organized under the title of the Metallic Warehouse and Storage Company.

Charles Y. Pugh, whose enterprise and energy as a business man has made his name well-known in this city and San Francisco, is the manager and part owner of the new concern.

Warehouse No. 1, situated on Washington street, near Fruitvale avenue, Fruitvale, is of corrugated iron, and of large dimensions, absolutely dry and fire proof. It is thus a perfectly safe receptacle for all furniture of the most expensive kind, such as pianos, mirrors, carpets, and also works of art.

The firm also carries on a general expressage business, thus insuring the greatest carefulness in moving furniture to or from the warehouses. Storage of vehicles will be specially provided for.

Advances on consignments are made by the company and a general storage business conducted.

Oakland is to be congratulated both for the excellent new business concern, and for the enterprise the firm embodies.

A CROCKERY CLUB FALLS TO PIECES.

Haywards Women Pay Money but Are Still Looking for a Tea-Set.

There are about forty materfamilias in Haywards who would like to receive a handsome set of gold and white Roman crockery or else meet the man whom they have paid for it.

Some time ago a very pleasant man appeared in Haywards and at once made himself known to the matrons, housewives and mothers of that town. He had a splendid proposition with which to do business. He was prepared, so he said, to give twice as much value as he received money and, of course, he did a good business. His customers were to pay 15 cents till they had paid $4.50 and then they were to receive a gem of a tea-set, worth $9.

Many of them have paid their $4.50 and are now looking for the crockery. They can find neither it nor the agent.

A NEW SCHEME TO CATCH TRUANTS.

Postals Will Be Sent to Pupils of the Central Evening School.

The lads who have been taking advantage of the Central evening school to deceive their parents, will be able to do so no longer. Principal Merwin has devised a plan by which such truant work will be avoided in the future.

The patrons of the school will hereafter receive a postal giving the date of the registration of the pupils. Any one not receiving a postal should notify the principal.

This scheme will at once detect whether or not all the lads who profess to be attending the school are doing so, in reality. It will doubtless also add to the attendance at the school over which Professor Merwin presides.

PREPARING FOR TYPOS.

The State Convention of Printers Will Be a Big Affair.

Arrangements for the convention of the California State Typographical Union are being completed in a very satisfactory manner.

The grand ball to be given on the evening of the 12th at Masonic Temple promises to be a very fine affair.

The music will be of excellent quality, furnished by Bangle's professional orchestra. The ball is given by the members of the local union.

The other social features, the banquet on Friday night, the outing at Leona Heights on Saturday morning, and the theater party in the evening, will furnish a pleasant change from the business and discussions during the day.

Some very excellent papers have been promised by the visiting delegates.

The committee on arrangements feels confident of a very successful convention.

The Wigwam Dedication.

The new wigwam of Comanche Tribe at Elmhurst was dedicated this afternoon by the Grand Council of the Improved Order of Red Men, now in session in San Francisco. The ceremony was very impressive. The visiting delegates attended in a body.

Woman's Exchange.

The Woman's Exchange held its regular monthly meeting yesterday at its rooms on Twelfth street. A more central location is being sought for, but has not yet been decided upon.

The next tea for the benefit of the Exchange will be held at the home of Mrs. C. W. Randall at Piedmont, some time in September.

Deafness Cannot Be Cured.

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Sale price, $1.20—Waists that were formerly $1.75, 2.00, 2.25 and 2.40.

With the exception noted above, we have, at the beginning of the sale all sizes from 32 to 42.

FRATERNAL NEWS

Some Evidence of Returning Activity Where the Goat Capers.

POW-WOW OF THE RED MEN.

Brilliant Achievements of the Year Just Brought to a Close.

ACTIVE JUNIOR ORDER MEMBERS

A Review of the Work of the Past Twelve Months.

The principal happenings in the fraternal world during the past week as well as those which are soon to transpire will be found recorded below:

Improved Red Men.

The Great Council, Improved Order of Red Men is in session in San Francisco, and has been there for the past two days. There are seventy-eight delegates from thirty-eight tribes in attendance and all of these will pay a signal honor to Alameda County by attending in a body and dedicating the new wigwam which has just been erected by Comanche Tribe at Elmhurst.

This tribe is one of the youngest in the order. It is located in a small community but it has made excellent progress since it was instituted. It has once suffered from a fire but it has risen superior to its troubles and now puts forth all its strength in dedicating to the principles of the Redmen one of the prettiest wigwams in the State.

On Wednesday night, at the great sun session there was a rendition of the adoption and degree work by several teams from various tribes for a prize. Wednesday night there was a ball in Native Sons Hall. Tonight, the Past Sachems' Association will have a banquet in Red Men's Hall and all visiting delegates will be welcome. Of the Association there were five Past Grand Sachems and fifteen Great Chiefs present. The sessions were presided over by Joshiah Sims the Great Sachem. The success of the order during the past year has been more gratifying than that of any year in the history of the organization. Speaking on this subject the Grand Sachem said: "Of all the tribes we have visited, we have found only two or three that were a little apathetic, or the victims of all-mastering circumstances. A vigorous and harmonious spirit pervades the Order generally, and while retrogression has marked the career of nearly all other organizations, we on this coast have grown numerically, financially and morally.

Charles T. Burgman, great chief of records, reported that on June 30th the order embraced forty-one tribes, with a total membership in the State of 3,586. The expenditures for the year amounted to $18,353.15, of which $15,967.15 went out in wampum for the relief of brothers and $2,385.70 for burial expenses. The assets of the organization were $92,314.76. The increase in membership during the year was 337, of which Red Jacket Tribe of Sacramento had the greatest number, adding 128 members to its roll. This entitled that Tribe to receive $100, the prize offered by the Great Council for the greatest increase.

Junior Order U. A. M.

General John A. Logan Council will hold its next regular meeting at Schimmelpfennig's Hall, East Twelfth street, between Fifteenth and Sixteenth avenues tomorrow evening.

All members are earnestly requested to be present when matters of importance will be discussed. The newly-elected officers are to be installed and an attendance from other Councils is expected so that the evening will also have a special feature.

The following interesting circular has been issued from headquarters at Denver, Colorado, under date of the 24th of July, by Joseph Powell, the National organizer:

"The twenty-ninth annual session of the National Council has recently been held in the city of Pittsburg, Pennsylvania, and the members of that body have all returned to their homes.

"Time sufficient has elapsed for serious reflection upon the reports made by the officers and the business transacted by the convention, and now we are prepared to renew the work with more cheerful hearts and with greater determination than ever before.

"The record of the past year has demonstrated to the world the fact that ours is a progressive organization; that, notwithstanding the stringency of the time, the Junior Order does not falter, but preserves a solid front and an irresistable onward march; that obstacles are of little concern, and that, aside from our trinity of Graces, Virtue, Liberty, and Patriotism, our motto is "Excelsior."

"We do not believe that there is that patriotic citizen or member of our order whose heart does not experience emotions or joy when he beholds the following accomplishment of our noble brotherhood: The amount paid for sick and funeral benefits to December 31, 1896, is about $3,500,000; the amount received by subordinate councils is about $9,000,000; the amount paid out for all purposes is about $7,500,000, and we had at the end of the term ending December 31, 1896, 2237 councils, with a membership of 177,732.

"The receipts for the year were $1,562,287.28, and the amount in the treasuries of the subordinate councils at the end of the year was $1,624,846.94. The amount paid for benefits during the year was $350,860.29. No mean foundation indeed upon which to build a great superstructure!

We have great cause for congratulation in the fact that not a single item in the category indicates a loss; but rather we enjoy handsome gains in them all. Examine the figures: Gain in councils, 109; in membership, about 11,000; in receipts of subordinate councils, $284,943.51; in amount paid for sick and funeral benefits, $83,722.19; in amount in treasuries of subordinate councils, $192,210.42.

In addition to the foregoing we have established at Tiffin, Ohio, what I do not hesitate to say I regard as the solid pillar of our superstructure—the National Orphans' Home. This home consists of a very large farm in a high state of cultivation and well improved, is valued at perhaps from $40,000 to $50,000 and is free from debt with title vested in the National Council. I recently visited the home and I would do an injustice were I to fail to commend the board of trustees for their wise conduct of affairs.

Young Men's Institute.

District Deputy W. P. Martin has installed the following members of Livermore Council No. 47, Young Men's Institute: President, J. J. Silvey; first vice-president, A. Hartman; second vice-president, J. Twohey; recording secretary, M. J. Callaghan; financial secretary, B. Harron; treasurer, L. May; marshal, P. Callaghan; inside sentinel, J. Kieley; outside sentinel, P. C. Carrol; executive committee: W. P. Martin, J. McChickey, M. Quinn; medical examiner, Dr. Buekers; delegates to grand council: W. J. Doolan, W. Egan; alternates: J. D. Collins, Patrick Callaghan.

AMERICAN COUNCIL.

The following programme was rendered under the auspices of American Council No. 8 Young Men's Institute at Fraternity Hall on last Monday evening before a large audience:

Opening overture by the orchestra; welcome address, President F. D. Realy; recitation, George Clarke; vocal solo, Miss Hattie Savage; specialties, Joe Healy; pianno duet, Misses Georgiana; recitation, M. Byers; musical selection, Espenta Mandolin Club, Professor Frank Palmer, director.

Dancing followed under the supervision of Floor Manager John Gillick and Assistant Floor Manager Frank Kane.

The following members of American Council No. 8 were elected to attend the next grand council which is to be held at Santa Rosa on August 18th, 1897. Delegates: James Henneberry, John Connolly. Alternates, W. J. Hennessy, D. McCarthy.

NOTES.

Last Tuesday evening a district meeting of the local councils of the Young Men's Institute was held at Oakland Council's hall on Broadway.

A large attendance was present, and able addresses were delivered by several brothers.

The grand council of the Young Men's Institute of the Pacific jurisdiction will convene at Santa Rosa on August 18th.

On the Saturday following there will be a parade and general celebration to mark the close of the grand council. There are to be excursions from many points to Santa Rosa on that day.

Oakland Council No. 6 will send as representatives Brothers Hammond and Brown.

Oakland Council No. 6 proposes to have another series of the "rights" and "lefts." For that purpose teams are now being selected by the respective captains.

On Wednesday evening, September 22nd, this popular council will give an entertainment and ball at Chapman Hall on Eleventh street.

Catholic Ladies' Aid Society.

The Catholic Ladies Aid Society will hold a reception at Mrs. Lamontagne's, 431 Twenty-sixth street, Wednesday evening, August 11th, and the next meeting will be held Monday evening, August 9th, at Mrs. Quirk's, 981 Fifth avenue.

At the last meeting of the Society, Miss Lambert and Mrs. J. F. Morrell were elected delegates to attend the grand council in September, and Mrs. Jordan and Miss Gannon are the alternates.

An important session of the board of grand directors will be held in San Francisco this evening.

The grand council of the Catholic Ladies Aid Society will convene in San Francisco on Monday, September 6th, and will conclude on the following Wednesday. The proceedings will open with the celebration of high mass at St. Mary's Cathedral. The local branches of the order held a meeting last Thursday evening for the purpose of preparing a programme of entertainments for the delegates.

Scottish Clans.

The fortnightly meeting of Clan Macdonald held last Friday evening, proved one of the most interesting held for sometime. A delegation was present from Clan Fraser to co-operate with the Macdonalds for the forthcoming picnic and games at the Chutes on the 9th of September.

Mr. Eadie as financial secretary showed the splendid condition of the finances of the Clan and the Order in general. The "boy orator" was at his best and entertained the Clan in his happiest mood. Songs were sung by Messrs. Parker, Hunter, Reid and Howdenn. The usual "Auld Lank Zyne" bringing a very pleasant meeting to a close.

Friends of the Forest.

A new order, the features of which have not yet been explained, has been introduced into San Francisco, where Pioneer Council has already been established. A new council is in process of establishment in the Mission district and it is said that steps are being taken to establish a council in this city.

Foresters of America.

An advanced copy of the new ritual has been received by the grand secretary, who expects in about ten days to receive the shipment of new rituals, when they will be forwarded to the various subordinate courts.

Knights of Honor.

One week ago Ivanhoe Lodge No. 1889 Knights of Honor was consolidated with Golden State Lodge No. 2058 of this city, the work being superintended by Grand Vice-Director W. J. Thomson, who was assisted by Grand Reporter Johnstone. At the close of the exercises the joint lodge elected the following officers: W. H. Norton, P. D.; J. L. Perceau, D.; J. L. Edwards, V. D.; H. E. Long, A. D.; William M. Brown, reporter; J. W. Ward, financial reporter; M. Scheelme, treasurer; J. M. Cohen, chaplain; T. F. Lewis, guide; C. J. Dukey, guardian; J. Callaghan, sentinel; trustees: E. Bernheim, J. W. Noble, and J. Callaghan. After the election, Deputy Frank Lawrence, assisted by Deputy H. R. Miller, and the grand officers, installed the new officers in their respective stations.

B'nai B'rith.

The grand president is making arrangements for visitations to lodges in various parts of the State. A number of applications for membership is being received by the local lodge of the order as well as by those in San Francisco.

F. & A. M.

There will be a called meeting of Brooklyn Lodge No. 225, F. & A. M., at East Oakland Tuesday evening, August 10th, for the purpose of conferring the third degree. Master Masons are invited to attend.

The members of Masonic Lodge of Livermore last Saturday paid a fraternal visit to Alisal Lodge at Pleasanton. The third degree was conferred upon one of the Pleasanton members, and the event was celebrated by a big banquet.

Native Daughters.

On the 2nd of next month Alameda Parlor, N. D. G. W., will celebrate the tenth anniversary of its organization.

There has been experienced some unavoidable delay in the printing of the proceedings of the last grand council.

Knights of Pythias.

Oakland Lodge No. 108 held a very pleasant session last Friday night.

While there had been no special business for the evening advertised, yet there was a large gathering of the members, and, as usual, a fair sprinkling of visitors.

Brother Bedford was in waiting to be admitted by card, and was escorted by Past Chancellors Samuels and Gans to the lodge room and was introduced to the members and visitors by Chancellor Commander Bennet.

Under the head of good of the order, felicitous remarks were made by Brother F. M. Goodrick of Hanford, R. D. Holabird, Staples of Live Oak Lodge No. 17, Bush of Piedmont No. 172, Lloyd of Galt.

District Deputy Whalley being present, and pleased with the large gathering of the fraternity, availed himself of the opportunity to exemplify the unwritten work, which he did in a very proficient manner.

Past Chancellors Ferris, Samuels, Gans, and E. J. Murphy, the oratorical quartette of Oakland Lodge, then entertained the visitors and members at some length.

PIEDMONT LODGE NO. 172.

Last Monday night Piedmont Lodge conferred the Esquire rank on Payes Cohen and Clecak in a very exemplary manner.

At the session to be held next Monday night, the special business of the evening will be the conferring of the rank of knight. Sojourning members of the order, as well as those of our local lodges are cordially invited to be present at Pythian Castle, Twelfth and Franklin streets.

AMAZON LODGE.

Amazon Lodge, No. 181, at its convention held last Monday night, the Lodge initiated as page Stranger Ingersoll.

Under the head of good of the order, Brother E. D. Gans of Oakland Lodge No. 108, made some very eloquent remarks in regard to Pythianism.

A. V. O'Neill, Munce, and Curtes followed in the same strain.

Next Monday night the special business of the evening will be the conferring of the esquire and knight ranks.

Modern Trojans.

Last Thursday evening Loring Hall was filled to overflowing by the friends of Alpha Lodge No. 1, Modern Trojans, who had assembled in answer to an invitation to an entertainment and dance.

The programme was fine and was fully appreciated by those present. Supreme Vice-President J. W. Evans presided and made the opening remarks in which he said that, although the Order of Modern Trojans was the youngest of the fraternal organizations, it was destined to grow and advance until within a short time it would rank with the most prosperous and progressive of beneficial orders.

Max Lercher gave a solo on the xylophone that was finely rendered and was a fitting prelude to the entertaining programme which followed.

Miss Nina F. Taomas recited "Naughty Zell," with a spirit and expression that caused the audience to insist upon an encore.

The "Norwegian song" in costume by Miss Elwina Benson was particularly well rendered and she was forced to repeat it.

Delsarte expression by Miss Alda Casey was gracefully executed.

Miss Weber sang a couple of darkey melodies. The lady must have been deeply gratified at the evident appreciation of her audience.

Fred L. Stewart gave the address of the evening entitled the "Modern Trojans," and in well-selected language explained the plan and principles of the Order and of fraternity in such a manner as to call forth the praise of all present. He thoroughly proved his title of "The silver-tongued orator of the Modern Trojans."

Howard Atwater recited "Othello's Apology," and "Madrits Solliquy," with much feeling and expression.

E. C. Mueller put the audience in pleasant humor with his songs accompanied on the banjo.

Miss Josie Butler and Miss Fannie Thomas gave selections from the Merchant of Venice, which were well received.

Miss Johnson gave a selected recitation which received well-merited applause.

The vocal duett by Miss Helene and Miss Elwina Benson was listened to with the greatest of pleasure and was one of the most enjoyable features of the programme.

After the conclusion of the programme, the hall was cleared of chairs and dancing was indulged in until a late hour.

Degree of Honor.

Ivy Lodge No. 4, Degree of Honor, A. O. U. W., had a large attendance at the meeting Wednesday evening. Under the deft hands of the fair sisters of the entertainment committee the cosy little hall was made beautiful with flowers and evergreens.

Past Chief of Honor Sister Sturrock and Brother Imes, the champions of the beneficiary certificate, spoke earnestly and eloquently upon the advantages of acting upon their advice in at once taking out a beneficiary certificate.

Several of those present were convinced by the arguments and gave in their names to the recorder for applications for the beneficiary.

Sister Sturrock also advocated the advisability of visiting the parent order in the interest of getting members for the Degree of Honor.

By a unanimous vote of the lodge, it was decided to act upon the suggestion of the zealou ssister.

The set of resolutions of condolence to Brother Mosbacher was read and ordered placed on the minutes of the meeting and a copy will be sent to the bereaved brother.

Brother Danfurth, grand lecturer of the A. O. U. W., rejoined the lodge last evening, and his eloquent advice upon several fraternal topics was loudly applauded.

Sister Marguerite Oakes, chairman of the committee on entertainment and ball which is to take place at Chapman Hall Wednesday evening, August 18th, stated that the programme being prepared would eclipse all former efforts of Ivy Lodge in that line.

Brother Isaacs, secretary and treasurer of the committee, announced that tickets were going off very fast.

After the Lodge had adjorned, the social committee presented an excellent programme, the first number of which was a dramatic sketch entitled, "March Winds," participated in by Sisters Carr, Devers, and Brother Strasberg, which was greatly enjoyed by all.

Sister Marks sang two very pretty songs, and Sisters Oakes, Levy, Carr, Devers, Gartner, Imes, and Brothers Lissner, Imes, and Strasberg sang "On the Swanee River," and "Home, Sweet Home" very sweetly. Next Wednesday evening the drill team will initiatt several new members. It is therefore especially desired that all the membership be present. The banquet which concluded the entertainment was a most delightful affair.

United Workmen.

Oak Leaf Lodge No. 35, A. O. U. W., initiated Monday evening two members in to the Junior Workman degree, and one member into the Workman degree. The drill team under the supervision of Past Master Workman Cogan, performed the necessary duties with its customary efficiency. Two applications for membership were received. The chairman of the entertainment committee stated that a very artistic musical and literary programme was being prepared for the "smoker" which takes place on Monday evening, August 16th. Members of the order are cordially invited. Invitations to the public can be procured from members of Oak Leaf Lodge. Brother Cogan gave a very interesting description of a trip to Milpitas which he took last week and of the flourishing condition of Alviso Lodge of Milpitas which had an attendance of three-quarters of its total membership on the evening of his visit.

The visitation committee unanimously decided to recommence visiting of the several lodges in the interests of fraternity, as of yore.

It was announced that nearly 600 members had joined the order in California during the month of July.

A delegation of the visitation committee will visit Pacific Lodge next Thursday evening.

A COMBINATION OF DISTILLERS.

Premiums Are Offered to Those Who Keep Down the Output.

By Associated Press to The Tribune.

CHICAGO, Aug. 5.—According to a story in the Times-Herald this morning, the efforts of leading distillers and distributers to form a combination to control the production and prices of spirits have at last been successful. The final details of the plan of agreement, it is said, have just been decided upon, though frequent meetings have been held, mainly in Chicago, New York and Cincinnati, during the last six months.

The combination is on the percentage allotment plan, with special rules, regulations and forfeitures imposed upon distributors. Each distiller producing more than his percentage allotment pays monthly into the pool a certain sum on the surplus. Each distiller producing less than his allotment draws out a similar sum for each gallon short of the allotment.

The executive and arbitration committees include in their membership every important interest in the country and will control the new association.

CLARA MAY LIVE AND CHARLES MAY DIE.

Condition of the Principals in the Recent Tragedy in Alameda.

No Attempt Yet Made to Extract the Bullet From the Wounded Woman.

Clara Fallmer, the would-be suicide, who shot herself in Alameda last Monday night, is still in the Receiving Hospital, though in a much more hopeful condition than she was yesterday.

There is less of the rapid gate in her pulse, her temperature has decreased and is farther removed from the fever stage. The expectoration of blood has to a large degree ceased, and as a whole the patient seems to have taken a turn toward recovery.

Dr. Stratton, however, is not yet sanguine of her recovery. A relapse may take place which may be attended with fatal consequences. The wound made by the bullet extends through the left lung and one of the bronchial tubes. The bullet entered between the first and second rib then penetrated the organs mentioned and finally lodged under the left shoulder blade, from which place Dr. Stratton has not as yet seen fit to remove it, fearing the shock which would be the result to the patient. The girl does not seem to suffer pain, and is bright and conscious of everything which transpires around her. She refuses, however, to talk concerning the shooting.

Charles Ladue, the young man whom she shot, is lying near to death's door at his home in Alameda.

She is not able to speak except in whispers, and when she does speak, she declines to converse on the subject of the attempted suicide and murder

A great deal of interest has been manifested to ascertain what other persons, if any, were mixed up in the crime There has been a growing feeling that the act of the young woman was not without the prompting or at least the tacit encouragement of some third party. For the purpose of ascertaining what foundation there may be for this theory, certain parties in Alameda to-day endeavored to ascertain from the girl from whom she had received the gun with which she shot herself and young Ladue.

The young woman, however, refused positively to tell when, where, or from whom she had received the weapon, or what reason she had given for accepting it. In refusing to shed light on the subject, the girl acted as if to do otherwise would cause some other person's motives to be questioned in the **transaction.**

This morning Miss Fallmer's sister, who is a manicure in the Kuhn building in this city, was sick and was unable to call upon the patient. She sent a letter, however, by a friend. The letter was received by Steward Tobin, who denied the messenger a chance to see the wounded girl. Clara read the letter and then told the attendant to tell the messenger that she (Clara) had nothing to say on the subject, and that she was feeling much better. What the subject was which the girl's sister discussed in the letter, is unknown, because the wounded girl concealed it with a great deal of care.

The condition of Ladue, according to reports from Alameda, continues to become critical as the time advances. He is paralyzed as to the lower limbs. He also refuses to speak on the subject of the shooting and in this respect he is vigilantly aided by his mother.

The information needed on the subject is not only kept from strangers, but it is even denied to the officers of the law. Assistant District Attorney Church has visited Ladue's residence twice with a view to getting his ante-mortem statement, but in each instance Mrs. Ladue, the mother of the young man, refussed to allow him to see her son.

Mr. Church says that he can do nothing more in the premises and that he will make no further attempt to secure a statement until he is assured that his services are in demand.

DR. TOM SHE BIN.

CHINESE TEA AND HERB Sanitarium For over 300 years my family have been renowned for the most famous doctors in China.

Tom She Bin has in his possession hundreds of testimonials of those who suffered from chronic diseases and who were cured under the established method in constant use in China for over 5,000 years.

All diseases described from the pulse without asking a question.

There are 600 different kinds of herbs that cure 400 kinds of diseases. All persons afflicted with any kind of malady whatsoever invited to call. 615 Kearny st., bet. Sacramento and Commercial sts., San Francisco, Cal., U. S. A.

Dr. Tom She Bin sells Chinese herbs and tea. Sanitarium. Price by week or month Take herbs once a day, a big ten-ounce bowl, or one package of herbs, seven packages a week. Price, six dollars a week. Two times each day, two ten-ounce bowls, or two packages of herbs. Price, ten dollars a week.

The undersigned, after seven years' suffering, without being able to obtain any relief, resolved to see Dr. Wong, but I did not obtain any help. I then determined to see Dr. Tom She Bin, and in three months I was completely cured. I commenced feeling better soon after commencing his treatment, and I was all cured.

MRS. JENNIE SAUNFERS,
1016 West 7th st., Los Angeles, Cal.

This is to certify that Dr. Tom She Bin has cured me of that dreadful disease known as heart disease, and also of weak lungs. I do make this deposition for the especial benefit of those suffering similar ailments. I must say that I was treated by the best doctor in Chicago, and after I lost all hopes I concluded to come to San Francisco for a change of climate, and immediately I heard of the wonderful cures of Dr. Tom She Bin, so I consulted him, with such good luck that after one month and a half from the time he started to treat my case I felt entirely well.

MRS. E FRENCK,
409 Thomas Street, Chicago, Ill.

I, the undersigned, do recommend Dr. Tom She Bin as one of the best doctors to cure rheumatism having been suffering for three years, and also been under the treatment of six skillful doctors for four months without feeling any relief. I determined to set myself under the care of Dr. Tom She Bin, who gave me immediate relief, and in the course of five weeks I was enjoying good health.

PANFILO MURILLO,
Pomona, California.

My son, nine years of age, utterly prostrated with typhoid fever for six weeks, he was under the explicit care of hospital doctors, but without avail. All his body was declared incurable. I heard the name of Doctor Tom She Bin, and at once was induced to see him, and I left my son to his absolute care. Fifteen days after my son was able to play around the yard I fully believe Doctor Tom She Bin saved my son's life.

CARRIE CONTRERAS.
630 Mission Road Los Angeles, Cal.

San Francisco, February 14th, 1897

The undersigned does hereby recommend Dr. Tom She Bin as the only competent doctor. He has cured me entirely from throat disease, which many doctors declared incurable. J. A. OWENS
Euclid Block, N. Los Angeles, Cal.

San Francisco, January 31st, 1897.

I, John A. Fain, do hereby certify that I suffered with piles for over twelve years. Dr Tom She Bin cured me in very short time.

San Francisco, February 26th, 1897.

I have been suffering under the most dreadful disease for two years past and lost all hopes of recovering, being unable to move for four months At last I concluded to take Dr. Tom She Bin's Wonderful Chinese herbs, and in six weeks after my health was completely restored.

J. E MEDRAN,
756 Workmain St., East Los Angeles, Cal

Montenzou, Cal., March 1st, 1897.

I write this letter for the benefit of any one who may be in trouble, as I have been About fourteen years ago I was taken sick. The doctors pronounced it ulceration of the stomach and said it would end in a cancer.

At times I would vomit a black and bloody looking matter, also a great deal of white mucus The disease would make me very nervous and despondent. At different times during my ailment I would get some relief for a few months, then it would come back as bad or worse than ever I doctored with several as good doctors as I could find in the East and also here in California, but none of them effected a cure.

I was advised to consult Dr. Tom She Bin, which I did about the 1st of October, 1892.

He said my trouble was the cancer of the stomach. I commenced taking his medicine immediately. For the first three or four months there seemed to be but a very little change. After that time I improved very fast and am now able to do quite a good day's work. I have every reason to believe he has effected a permanent cure for me. J L. CARPENTER.

San Francisco, March 2, 1897.

I saw Dr. Tom She Bin's advertisement. I first come up to 615 Kearny street to feel my pulse. He tell me what trouble, I had, was true. I had a pain over my body, and chilly I put my case to him, first week I take Chinese Herb, one week I was great deal better. I been sick for six years. I go to white physician, cannot do me any good. I take Dr Tom She Bin's Herbs six week; I was all well. I was cured about one year and never pain again.

MRS. J. SANGALL,
17 Lafayette Place, between Green and Union, Kearny and Dupont, San Francisco, Cal.

San Francisco, March 4th, 1897.

By these presents I do hereby recommend Dr. Tom She Bin as a successful doctor to cure the dreadful disease styled consumption, so common among all classes. He has restored my health in the short term of twenty days, for the trifling amount of $7.60 per day.

Signed, L. C. FLORES,
605 Upper Main St., Los Angeles, Cal.

San Francisco, March 5, 1897.

This is to certify that I have taken treatment from Dr. Tom She Bin for stomach trouble, and was cured in four weeks.

W. J. MORRISON,
1412½ Baker St., San Francisco, Cal.

San Francisco, March 6, 1897.

This is to certify that I have been entirely cured of stomach trouble by Dr. Tom She Bin in two months. I had tried several American physicians and they had failed to cure me.

MABEL BARBARER,
Milpitas, San Jose, Cal.

I have taken treatment for my kidneys, that have bothered me for a long while, and also catarrh of the stomach, and also chronic diarrhoea, and was cured in two weeks by Dr. Tom She Bin, also blood poison in my thumb.

WM. E. BRYAN,
No. 6 Martha place, San Francisco.

San Francisco, March 6, 1897.

I had gravel and kidney trouble four years. My friends sent me to Dr. Tom She Bin. He felt my pulse, and he told me what trouble I had. I put my case in his hands, and took herbs twice a day In four weeks my troubles were all cured. Now my flesh is all good. The last three or four years I went to white doctors, but never did me any good. Now I have got well and am in good health.

JENS J. JENSEN,
2134 Clara St., San Francisco, Cal.

Geo. Osgoodby, author of the world-famous Murchison letter to Lord Sackville West, the English Embassador, in 1888, writes concerning Dr. Tom She Bin, now selling Chinese Teas and Herbs at the Sanitarium, 615 Kearny street, San Francisco, Cal., and says:

Pomona, Los Angeles Co., Cal.,
March 7, 1897.

For the benefit of those who are suffering with chronic diseases, I will say that many years of severe suffering and futile treatment ended in Bright's disease of the kidneys, of which Dr. Tom She Bin completely cured me, after correctly and minutely describing my malady from the pulse, without asking a question. He is a medical marvel, and without a peer in his profession. Respectfully,

GEO. OSGOODBY.

San Francisco, March 13th, 1897.

I wish to give my testimony in behalf of Dr. Tom She Bin It is about two months ago that I fell sick with influenza, being unable to procure no other help than that of domestic remedies. I fell worse and worse, until I was totally paralyzed. I was induced to consult Tom She Bin, and he, by the aid of his wonderful Chinese herbs. I felt somewhat relieved in twenty-four hours, and he agreed to treat me for the sum of two hundred dollars, and now I feel grateful to the doctor for his efforts. Very truly,

HILARIO PRECIADO,
Los Angeles, Cal.

This is to certify that Dr. Tom She Bin cured me of kidney trouble and stricture. Was sick for some time, but found no relief until I tried this doctor. He entirely cured me, and I have not been troubled since. AL L. DILLEY,

TO BUILD A ROAD THROUGH THE HILLS.

The Tunnel Project Discussed by the Members of the Committee.

County Surveyor Nusbaumer Will Survey a Proposed Route.

The Joint Committee from the Board of Trade and the Merchants' Exchange in charge of the building of the tunnel through the Contra Costa hills met last evening. Chairman Edson Adams, Messrs. Theodore Gier, William Moller J. F. W. Sohst, E. E. Bunce, Ex-Supervisor Johnston, and County Surveyor Nusbaumer were present.

Mr. Johnston reported that Miss Chabot had expressed her willingness to allow the road to go across her property provided that it was on the old route. He also stated that Victor Metcalf had made out the deed for the road property and it was now ready to be signed.

E. E. Bunce said that he had received a letter from E. J. Coleman in which Mr. Coleman said that Russell J. Wilson was co-partner with him in the ownership of the property along the Kennedy grade and that if the committee would advise him concerning what was desired, he would endeavor to meet its wishes.

Mr. Bunce further stated that he believed Mr. Coleman would give a money donation for the construction of the road.

Messrs. Bunce and Johnston constituted the committee on investigating the wishes of the property owners.

Their joint report was accepted and they were asked to continue acting on the committee and to communicate further with the owners.

Theodore Gier as chairman of the finance committee, asked for further time before reporting as he had not arranged the subscription list as yet. Further time was granted as requested.

Chairman Adams then called upon County Surveyor Nusbaumer in regard to a new road that had been discussed. The proposed route leaves the present road at the first turn and would strike directly across to the opening of the tunnel going below the old fish ranch.

"I believe that your committee ought to go right ahead and plan your tunnell," said Nusbaumer. "I'll survey the various proposed roads and report and you can then decide.

"Now I would like a little information concerning the width of that tunnel," said Mr. Gier, "I was talking with two farmers from Contra Costa County today and they said that it wouldn't be wide enough to permit the passage of two loads of hay. They also declared that in a tunnel 1,000 feet long, the driver could not see far enough ahead in the darkness to see a team approach."

"The tunnell will be wide and light enough," declared Nusbaumer.

"There won't be two loads of hay going opposite ways," cheerily remarked Sohst. "They will all be coming to Oakland."

In discussing the matter further, Mr. Bunce said that he believed Mr. Coleman of San Francisco was talking about spending $2,000 for opening a road to the quarry.

The business of the meeting was brought to a head by Theodore Gier who moved that the County Surveyor make a report on the various roads to Chairman Adams who would then call a meeting.

Sohst amended, ordering all committees including those on finance and real estate, to make reports at that time.

Mr. Johnston agreed to report in regard to the right of way through the Quinn ranch and Mr. Gier to report on the finance question. The motion as amended prevailed by a unanimous vote

The meeting then adjourned.

FIRE BUGS THWARTED BY A YOUNG WOMAN.

Miss Clara Walpert Saves a Brewery at Haywards From Being Destroyed.

To Miss Clara Walpert of Haywards is due the credit for saving the Lyons brewery of that town from being burned to the ground early yesterday morning. The lady, whose home is just across the street from the brewery, saw the reflection of the flames on her window and hurried to the scene

A stack of rubbish soaked with tar and coal oil was blazing and Miss Walpert fought it with dirt, while she screamed for help which quickly came

After daylight an inspection of the premises was made, and it was discovered that all around the building for a height of several feet tar and coal oil had been liberally thrown, and in three or four different places sacks of saturated waste were placed. It is very probable that within a few minutes of Miss Walpert's discovery all the sacks would have been fired and the flames have made great headway before help could have arrived The rapid appearance of the lady evidently upset the plans, for no one was seen and no clew to the incendiary has yet been found.

To Stop Train Jumping.

The police have done a great deal toward stopping train jumping by youths on the broad gauge line, and have now turned their attention to the narrow gauge. Last evening Leon Hunt, aged twelve years, was engaged in the dangerous practice and he was arrested by Officer William Moore. He was released on $5 bail furnished by his father.

THE EXPOSITION WAS RUN AT A LOSS.

The Directors Are at Least $500 Short in Their Accounts.

The Expenses of Music, Awards and Management Were Large.

The Exposition Directors find themselves at least $500 short. The amount will have to be made up out of the pockets of the Directors.

The Directors met last evening and thoroughly investigate the state of the Exposition finances. Messrs. Gier, Keller, Sharp, Spear, Buswell, Trowbridge and Roeth were present.

There is about $700 in bills against the companny and the Directors believe that they will be $500 out, although there is a possibility that the total sum will aggregate a larger amount.

The partial report as presented by the secretary last evening, was as follows.

Concessions	$ 835 00
Tickets	4602 70
	$5437 70
Expenses—	
General expenses	$ 501 34
Management	1015 50
Music	2019 80
Labor	530 70
Donations	3 15
Office fixtures	4 00
Rent	32 75
	$4107 24

To the total expenses must be added about $1,500 for the addition to the tabernacle building, a gas bill of about $400, and other items such as art awards.

The Directors will meet next Monday evening at 7 30 o'clock, at which time a full and approved statement of the finances will be rendered.

THE TRIBUNE'S TELEGRAPHIC SERVICE BRINGS THE NEWS FROM ALL OVER THE GLOBE.

The woman who wears an armor of good health protects herself against almost all the ordinary ills and troubles that beset her sex. The woman who takes proper care of the health of her womanly-self, who is careful that the organs that constitute womanhood are always well and strong, will be happy in her wifehood and capable in her motherhood.

The best and most-used of all medicines for women is Dr. Pierce's Favorite Prescription. It acts directly upon the delicate feminine organism. It makes it strong and healthy. It cures all weakness and disease It prepares a woman for her greatest mission, motherhood. It does away with the usual discomforts of the expectant period. It insures the health of baby and makes its advent easy and almost painless. Over 90,000 women have testified to its wonderful virtues. More of it is sold than of all other medicines for this purpose combined. Women who want to know more about it should write to its discoverer, Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y.

"The best doctors in Kansas City told me that unless I went to the hospital and had an operation performed I could not live," writes Miss Broohie Galloway, of Wilder, Johnson Co., Kans "I had ulceration and weakness, and each month I would get down in bed and suffer severely for twenty-four hours I could not keep anything on my stomach for five minutes at a time. ATHOL AVENUE OPENING.

NOTICE OF SALE.

DELINQUENT LIST.

Office of Superintendent of Streets, Oakland, California, July 30th, 1897.

Public notice is hereby given that default having been made in the payment of the several amounts due upon the property hereinafter described and assessed thereon for the costs and expenses for opening and widening Athol avenue, in the City of Oakland from the eastern line of Newton avenue to the northwestern line of Watson avenue, as per report of Commissioners filed with the Clerk of the City Council of said City of Oakland on the 4th day of May, A D, 1897, and finally confirmed, approved and adopted by the City Council of said city at a meeting thereof held on the 14th day of June, A. D., 1897.

Now, therefore, I, M. K. Miller, Superintendent of Streets of the said City of Oakland, will on Tuesday, the 24th day of August, A. D., 1897, at the hour of 10 o'clock A. M., at my office, being in the City Hall of said city, commence to sell said property at public auction unless the assessments delinquent, together with the costs of advertising at the rate of fifty cents per each lot, piece or parcel of land separately assessed and advertised as delinquent and percentages are paid, and that I will continue such sale until the whole property set forth hereinafter, or so much thereof as may be necessary, shall be sold, and that I will sell the smallest quantity of each lot, piece or parcel of said property that will be taken by any person for the amount of the assessments percentages and said cost of advertising remaining due and unpaid thereon, together with the sum of fifty cents provided by law for the certificate of sale

NOTICE. The numbers in the first column denote the several lots, pieces or parcels of land designated by the corresponding numbers upon that certain plat entitled 'Map Showing the Land to be Taken for the Opening and Widening of Athol Avenue from the Eastern Line of Newton Avenue to the Northwestern Line of Watson Avenue, also the Lands to be Assessed for said Improvement," filed on the 25th day of June, A. D., 1897 in the office of the Recorder of said County of Alameda, and is the descriptive number of each lot, piece or parcel of land.

The names following the said numbers are the names of the persons designated in the said report as owners of the respective parcels of land designated by and referred to by the descriptive numbers thereof, which said names follow respectively and the numbers following such names denote the amount of the corresponding assessments including five per cent added for delinquency and fifty cents cost of advertising.

WEYLER A FAILURE

Goaded by Public Opinion He at Length Goes to the Front.

INSURGENTS ON EVERY SIDE.

The Spaniards Seem Unable to Cope With the Patriots.

CROWDING AROUND HAVANA.

Brutality of the Royal Troops After a Brush With the Enemy.

By Associated Press to The Tribune.

NEW YORK, Aug 5—A dispatch to the Herald from Havana says

'It is rumored that General Weyler's departure for Matanzas was due to orders direct from Madrid, sending him to the front. General Weyler made preparations to take the field some days ago but, according to a statement made by an officer at the palace, he delayed his departure in order to mature a plan to entrap General Castillo The Captain-General is severely criticised here for not having taken the field earlier For three weeks now bands of insurgents have been swarming into Matanzas and even Havana They have raided small towns and made demonstrations before large towns They have landed expeditions and had time to organize. Yet General Weyler contented himself with remaining on the defensive and only retaliating on the insurgents by issuing decrees that considerably aggravated the sufferings of the unfortunate reconcentrados It was only when the insurgents boldly attacked the suburbs of Havana that public opinion forced him to go

'Public opinion with regard to General Weyler's policy is beginning to manifest itself Business is at a standstill and the merchants throw the blame upon the government They say General Weyler's edicts practically restrict them from doing business with the interior The wholesale arrests that have lately been made and the terror of the people on the outskirts of the city help to swell the feeling of uneasiness and discontent with the way the campaign is being carried on

According to the insurgent proclamations General Gomez is due in Matanzas about the time General Weyler will arrive there The chances are that there will be heavy fighting. There is a possibility, too, that Weyler's and Gomez's forces may come face to face The insurgents not only stopped all traffic on the railway line in Matanzas and Santa Clara during the last week but they attacked several towns garrisoned by Spanish troops On July 25th a large band entered Encrucyada and carried off whatever they wanted They raided and burned stores and when they retired drove away with them a large herd of cattle The Spanish commander of the town Simon Guenec shut himself up in a church with his soldiers The men in the fort fired indiscriminately without exposing themselves

Thirty-six hours after the insurgents had left the town, a column of troops started in pursuit.

"Encrucyada has a population of about 6,000 and is situated on the railroad line

"The insurgents entered Esperanza a railroad town of 3000 persons There they met with some resistence and there was considerable fighting in the streets According to official accounts, the insurgents left twenty killed when they finally retired The commander of the town was seriously wounded He admits that the insurgents robbed several stores Bolondron, another small town about eight leagues from Matanzas was also raided and many stores and buildings were destroyed

'In Havana province on Sunday last, the insurgents attacked Santiago de Las Vegas five leagues from the capitol A band was playing in the park at the time and most of the citizens were out promenading A panic was threatened, but the Spanish officers kept their heads and took prompt steps to repel the insurgents. There was a brisk firing in the streets for a time but eventually the insurgents were forced to retreat Several on both sides were killed The insurgents remained close up enough all night to keep a fire on the forts.

'Four hundred insurgents under General Castillo attacked La Chora a town three miles nearer Havana on the same night Castillo was not able to enter the town, but kept up a fire on the forts all night He also used dynamite with great effect throwing bombs into the town and destroying several public buildings These bombs were fired from dynamite guns, which were landed by a recent expedition

'The Spaniards did not venture out of the town The authorities determined on the following morning to be revenged on some one and arrested the family of Morales Y Bottellas because the daughter of the house was the fiancee of Castillo's late chief of staff Mr and Mrs Morales their daughter and two other children were taken outside the town, ordered to kneel down and were fired upon by a squad of Spanish soldiers Morales his wife and one child were killed at the first volley The daughter and her 7-year-old brother were wounded and left on the ground They will die Several families have moved from the town

'Advices from Pinal del Rio state that the insurgents are becoming active in the province In consequence of recent raids, General Weyler has ordered that military lines around Havana be tightened and that all cultivation and properties about the lines be at once destroyed.

ANOTHER SCHLATTER NOW APPEARS.

Cases in Which Alleged Cures Are Said to Have Taken Place.

By Associated Press to The Tribune.

CANTON (O), Aug 5—A man who says he is the original Schlatter has been creating great excitement here T C Snyder, formerly a State Senator, while walking about the streets, was injured twelve years ago, so that he has not walked without a crutch or cane since that time

Without solicitation from anyone, Mr Snyder visited Schlatter He has now laid aside his crutches and the cane His recovery is the talk of the city, and Mr Snyder is jubilant over the aid that has been given him

Another alleged cure is that of John Krause He had a leg broken, and the member when healed would not allow him to walk without aid After Schlatter had treated him he was enabled to get up and walk.

Lights for the Annex

City Electrician Carleton will furnish the annexed district with lights as soon as possible He had already put in four of the lights and the citizens in the vicinity have expressed great satisfaction of the result

MANY MORE TURN TOWARD THE EL DORADO

Oaklanders Will Go North by a Steamer Leaving Saturday.

A Big Vessel at Long Wharf May Probably Be Fitted Out for Peru.

The reports from the Clondyke that snow is already falling in the Chilcoot Pass do not seem to dampen the ardor of gold seekers in this city Singly and in small parties, people are still going North and each day adds to the number who are willing to risk all for the yellow metal

Eugene Trefetew and Robert Chestnut, both students of the University will leave for Dawson Saturday and Dr J T Fare has quit his dental business, packed up and is ready to leave in a couple of days

Several barges are being built on the estuary and three schooners are also being prepared for a voyage North but they will probably not attempt to reach the Yukon before the opening of spring

At Oakland Pier the steamer Lancing is moored and in a few days will probably cast off for Peru There are many who are anxious to go and seek for the gold of the Incas but at present nothing definite is known

Captain Hatfield said yesterday 'As soon as our coal cargo has been discharged the Lancing will go on Hunters Point drydock and will receive a thorough overhauling She will be scraped and painted throughout, and if necessary accommodation for at least 1 000 people can be provided I am receiving letters daily from people who want to look over the ship, but have refused every one of them permission What could they see with the 'tween decks crowded with over three thousand tons of coal'

"In the old days the Lancing carried over fifteen hundred passengers every trip, but she was never as deeply laden as she is now

"Now, in regard to this voyage to the Peruvian gold fields Ross & Company have so arranged it that when the prospectors have reached the port of entry they will have a home to return to within any reasonable time They will be carried to Peru for a fixed sum and the ship will lie in port awaiting their return for at least ninety days That will give them a chance to test the mines, and if they do well, all right If they fail we will bring them home again

"A week from now you will see the Lancing on the berth for Peru Why yesterday I was offered 23s 9d to carry wheat from here to Europe, and laughed at the offer I have more requests for passage from people who are anxious ot seek for the gold of the Incas at present in my pocket that would make those figures look pale when placed in comparison"

NO INSURANCE FOR CLONDYKE.

The New Game of Co-Operative Companies Fails to Work.

By Associated Press to The Tribune

INDIANAPOLIS, Aug 5—The determination of the leading life insurance companies to carry no risks on Clondyke explorers has fallen with dampening effect on the co-operative companies which were forming in this city and upon a number of men who are preparing to start for Alaska during the coming winter One of these companies sending ten representatives, each insured for $10 000 giving each man $1,000 besides money for contingent expenses all of them to co-operate in the search for gold, dividing equally with the company, and in case of death, the insurance money to be paid to the company By each death the company stood to win $8 000 on the basis that no more than $1,500 would be spent on each representative.

Another company simply designed carrying sufficient insurance to reimburse for actual outlay It is not thought that any of these companies will proceed further with the organization.

TIRED OF WAITING FOR THEIR MONEY.

Creditors of the Bernal Estate Are Not Satisfied With the Executors.

William Day, S Ehrman, H Abrott, J L Wellbye, the Bank of Livermore, Chadbourne Warehouse Co, W A Cull and Hiram Bailey have tired of waiting to be paid claims against the estate of Altagracia H Bernal and have brought suit to ascertain why their bills are not paid by the executors of the will Augustin W Bernal and Valentine E Bernal

They show that Alagracia Bernal died on the 3d of April 1893, and that since that time they have waited in vain for their money They also assert that the executors of the deceased are disposing of a large amount of the personal property of the estate and have also allowed a large amount of the personal property to deteriorate in value and further that they have taken no steps to apply the proceeds of the sale towards the payment of the petitioner's claims It is charged further that the executors are neglecting the estate and not faithfully performing the duties of their office
